SALT OF THE EARTH

## Salt/Is the Most Abundant of our country's mineral resources. And/what would food be without

But the natural salts produced in such large quannines in this country have,
many other uses, as the
people know who read our
folder, "The Salf of the
Earth," now being issued.

Speaking now as bankers we
recommend the salting away of a
portion of the income with regularity. And in this our services are
always available.

A progressive financial institution such as this has its place in every phase of community life and activity. Such a service is well-worth investigation. You are invited to ask us about ours.
