THE "special discount" is tempting, but not when you understand who pays for it. The tire dealer doesn't pay for it. The manufacturer cannot afford to. Chances are it comes out of the quality of the tire, so, after all, you pay for it. None of the quality of Goodyear Tires ever is sacrificed to "special discounts" or anything else.

Miss Bassett, high school teacher, will address the meeting on "Our Duty as Teachers." Rev. Mr. Edwards will respond with "Our Duty as Parents." This ought to be interesting to all those who have to solve that engrossing problem of boys and girls in their daily life. The feature of the evening will be a question box. Each parent and teacher is asked to bring a question relative to some phase of school work. These questions are to be answered to the person, whom you feel is best fitted to answer that particular question. It is hoped in this way to provoke a general discussion of the problems and teachers that may be of interest and benefit to all. There will also be several musical numbers on the program. At is hoped that all parents of high school pupils will come to this meeting which promises to be very interesting. The Hill school expects to hold an evening meeting some time the first of May, so that they may become acquainted with the fathers of their school children. The exact date of this meeting will be announced later. Sunday, Mr. and Mrs. R. H. Seaman, of Highland Park, and S. E. Szymia, of Atlanta, Georgia, were guests of Mr. and Mrs. T. D.
