GALL STONES

Chiropractic relieves the pressure by reducing the spinal subluxation allowing the nerves to perform their normal function. After this method is explained there is hardly any room for doubt as to its efficiency and safety of Chiropractic. Remember that whenever there is pain or irritation, a cause is responsible for it. We relieve such causes by relieving nerves of abnormal pressure.

Consultation and analysis free. Investigation will convince the most skeptical.

Take Your Prescriptions to SHAIN'S

You have every assurance that they will be properly cared for at this store. No matter what hour of the day or night you bring in your DOCTOR'S order, it will be received, filled and delivered into your hands by a competent and experienced and registered PHARMACIST.

Think what this service means to you and your loved ones—this privilege of BIG CITY service in your HOME town. You pay not have big movies and other city conveniences at your back and call but you have a DRUG STORE that is interested in your welfare—and that of the community—to the extent of employing three (3) registered Pharmacists to serve you, and one of them a woman (the only woman registered pharmacist in Oakland County).

SERVICE

That's our motto and our aim is to make our store and its service just all you could ask for.

When you need Drugs, remember this Service

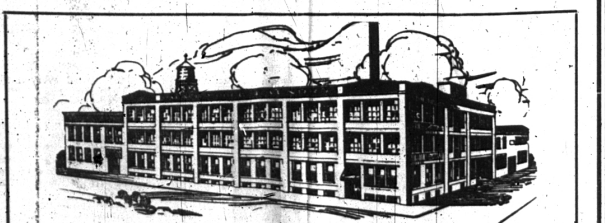

Shain's The Rexall Store Phone 64

The Wire Chief Keeps Your Telephone Working

THE TELEPHONE WIRE CHIEF plays a vital part in your daily existence. This is the responsibility for keeping your telephone working. He has at his call, linemen, repairmen and installers who are working on wires and equipment constantly. And a word about these workmen. We believe you will find them thoughtful and courteous, always. Occasionally your telephone troubles are corrected without a visit from the repairman. Perhaps he locates the trouble in equipment or lines outside your home and makes necessary repairs.

BALDWIN BRIEFS

The movie, "Monte Cristo", presented by the Seniors to aid in putting out the "1923 Baldwinian" was well attended. Friday, the Birmingham Branch of the University of Michigan League will present "Travesty, Tragedy and Twang", by the University of Michigan.

BY service we mean having your size in Good-year tires on hand when you need it. We advise you what type of tire to buy, mounting your tires for you, showing you how to care for them, and following them up with expert repair care so that you will get out of them every mile of the thousands of miles built into them.

CHILDREN WISH THEY ADE GLASSEBIDGE The kiddie like our milk so they can't get enough of it. Order a plentiful supply. We deliver it promptly every morning. Get acquainted with our dry products.

The report cards were all returned Wednesday, except those who were so forgetful and had to go home. Fairness in the Junior High is nearly unheard of. The Senior High record is not so good.

SENIOR ASSEMBLY

Friday, April 20, assembly was in charge of the Seniors. It is the largest program class of 23 in present and was one of the best of the semester.

Assembly was opened by the song, "America the Beautiful", sung by the school. Eunice Parks, a member of the Senior class, read the Scripture.

Shanley Rosio gave two delightful piano solos. Mr. Hart made an announcement concerning the party and Royce Kasper, the Senior class, presented the feature of the program was now presented.

The feature of the program was now presented—Mrs. May's second grade people took about twenty minutes of the hour, showing the Senior High how to sing and perform. They sang two songs, gave the play, "Three Wishes" and the dramatization of "Somebody's at Home".

Verna Code then gave her Declaration, the one she gave at Pontiac when she received third place. The hour ended, the students passed to seventh hour classes.

BASKETBALL DANCE

Friday night, April 20, the Annual Basketball Dance was held in the auditorium of the High school. Many students were present and danced from eight-thirty to eleven-thirty to the melodious tones played by "Gordon's Merry Boys".

The hall was prettily decorated in blue and white, each basket held a ball and draped in colors. A lattice effect was made by streamers interwoven across from one side of the track to the other.

The orchestra was "staged" in and wicker and upholstered furniture helped to make the room look inviting. The School Board and invited townspeople served as chaperones.

During the evening Maurice Pederson, captain of the '23 basketball team, presented the cup won at Ypsilanti and Milton Mallender, President of the Athletic Association, accepted it.

THE HONORED MEMBERS

Commencement time is rapidly approaching and fifty-three members of the senior class will pass from school life to life's school. The quality of scholarship of this year's class is above the average, a highly commendable and desirable attainment.

Class honors have been decided. The coveted one of Valedictorian going to Alice Vilet who secured the splendid average of 96.93 for her four years' work.

Katherine Ferguson will be Salutatorian, her average being 95.54, only .39 of 1 per cent behind that of Alice.

These girls are to be congratulated on securing these awards for which they have so earnestly striven. This has been one of the closest races for scholarship in the history of the school.

Below, we publish the list of all seniors who have attained an average of 90 or better during their high school course:

- Alice Vilet—96.93 Katherine Ferguson—95.54 Thelma McQuater—95.84 Eleanor Rainey—95.84 Frank Parks—94.94 Beulah Keddy—94.3 Margaret Berr—94.2 Nancy Flower—93.3 Verna Code—92.3 Claire Gillett—91.8 Lottie Flokkin—91.6 E. G. Smith—90.8

B. H. S. NINE LOSSES CLOSE GAME TO WALKERVILLE; 2-1 Last Saturday, the first baseball game of the season was played by Birmingham, having for their opponents the strong Walkerville nine. The Walkerville battery men (Maingay and Stevenson) played with Windor last year when she latter team won from Birmingham by a big score. The game Saturday was close throughout and the score remained tie 1 all until the fatal ninth when Walkerville scored the winning run.

This year Bill Maingay, Walkerville's pitcher, was in better form than last year. He is almost too good to be playing with a high school team. Birmingham could not get to him for more than six hits, which were scattered; he struck out fourteen men and did not give a walk.

All this goes to show that Birmingham has a stronger team than last year, and with a stiff schedule ahead they expect to win most of the remaining games.

Something almost as good as a sure bet about Bill Drake, Birmingham pitcher. Bill pitched the first game of his career Saturday, and was very effective at times. He knew his team-mates were back of him and it kept up his nerve. Bill allowed only five hits, struck out nine men, and walked two. With a little more experience on the mound he ought to win most of his games.

Captain Wilcox, of Birmingham, got the only extra-base hit when he tripled in the third inning.

Following is the line-up of both teams: WALKERVILLE AS B W P A E... Birmingham AS B W P A E...

There is a Difference

- A bank may be strong, courteous and conservative without necessarily being a good commercial bank. Commercial business is a distinctly specialized phase of banking that requires skill and organization. This institution, in addition to being strong, courteous and conservative, is distinctly a good commercial bank. Enlist our support for your business.

Economy in Time Labor and Expense

An automobile—wonderful machine though it is—is still a machine, built by human hands and subject to wear. Obviously the quality of its performance depends upon the care that it receives afterward.

The construction of the Durant Four establishes a precedent by providing not only for excellence of operation, but also for the owner's utmost convenience and economy of time, labor and expense in the necessary care of his car.

Table with columns for car model and price. Includes Star and Durant 4 models.

The above prices include war tax and delivery charges.

The Star Car

The creation of the STAR car is the most important and brilliant accomplishment of any individual identified with the automobile industry since its inception.

Smartness in looks, thoroughness and modern design in a low price car were unheard of until the STAR was created. The STAR marks the most advanced step since the introduction of the automobile, for it provides for the first quality, standardized low priced automobile.
