Vast Resources Make Possible High Value at Low Price in

facture (not assemble) the Light-Six complete in theorewest and most modern large automobile plants in the world.

The Corporation's resources, consisting of \$85,000,000 of actual net assets, including \$45,000,000 of plants, make it possible for Studchaker to offer a plants, make it possible for Studchaker to offer a plants, make it possible for Studchaker to offer a plants, make it possible for Studchaker to offer a plants, make it possible for Studchaker to offer a plant possible in the plants of the property of the plants of the property of the plants o

This method is followed exclusively by Studebaker on cars at this price. In fact, very few other cars have this feature, and their prices are from three to ten times as great as that of the Light-Six.

It is significant, therefore, that the sale of more han 88,000 Studebaker cars during the first six months of this year broke all records.

Buyers are justified in expecting more for their noney in a Studebaker than in any other car.

Studebaker Light-Six Studebaker's vast resources are utilized to manufacture (not assemble) the Light-Six complete in the newest and most modern large automobile plants in the world.
