A VICTORY FOR AMERICAN MOTORISTS

The Crude Rubber Monopoly weakened when it came into contact with aroused public sentiment. The press of the country today reflects the determination of the American motorist that tire prices shall stay at a reasonable level—and that America must produce its own rubber.

Firestone CUTS TIRE PRICES 10%

EFFECTIVE JUNE 11

We announce a 10% reduction in tires and tubes effective June 11. The lowered cost of crude rubber and the special Firestone manufacturing and distribution advantages make this possible.

Firestone factories are organized on a basis of large volume and effective production. Costs are down but quality is at its peak. Stockholder workmen are daily building many thousands of Gum-Dipped Cords—the best tire Firestone ever produced and, we believe, the leader on the market today.

Firestone Cords took the first four places and eight of the ten money positions in the Indianapolis Sweepstakes, May 30th, without a single tire failure.

Firestone Gum-Dipped Cords have set new standards in mileage, traction, comfort and safety. Car owners have expressed their approval of the extra value in Firestone Gum-Dipped Cords by increasing their purchases 194% in the past six months.

We have replaced many expensive branches with warehouses. We now have 108 distributing points which are delivering Firestone tires to the consumer at the lowest cost in our history.

Follow the tide of economical tire buying—equip with Firestone Gum-Dipped Cords—and learn what Most Miles per Dollar means to you today.

A Great Bill at The Baldwin Theatre, Royal Oak, for Coming Week
"Down to the Sea in Ships" which is showing at the Baldwin Theatre, Royal Oak, today and tomorrow. The story which runs through it is one which will appeal to any one who has any love in his or her heart at all. The setting and scenery itself is very refreshing, fact, one can almost taste and smell the salt water atmosphere which pervades throughout the whole picture. Sunday brings a change of program, "The Critical Age," taken from the novel, "Gleengarry School Days" by Ralph Connor. It is a "spine-tling" picture, depicting the romance of a youth and a maid in the whirl of politics. This picture will be shown Sunday and Monday, also a comedy, Charles Murray in "Faint Hearts." Three high-grade acts of vaudeville will be given as an additional attraction. Tuesday and Wednesday brings "The Lion's Mouse," starring Wyndham Standing and Marguerite Marsh, also a comedy "On a Quiet Street." Glenn Hunter comes Thursday for two-day run in the picture "The Cheaters," a bright breezy story with a young youthful cast of artists, and Johnny Jones in "Wanted, a Story," a comedy, "Look Your Best," a picture starring Colleen Moore and Antonio Moreno comes for Saturday night. This is the comic tale of a girl who had the choice of losing weight—or her job.

Anniversary Week for Baldwin theatre starts Sunday, June 24th, and is to start off the week in the proper way for the first four days Harold Lloyd in "Safety Last" will be shown. This picture marks an epoch in film history.

"Brass Commandment" With Wm. Farnum At I. O. O. F. Temple Drama and William Farnum—there is a combination that becomes stronger with every picture in which the Fox star appears. It is a story of the West, done in the breezy style of Charles Alden Seltzer, popular for his narratives of outdoor action. To make a good thing better Tom Santchi, who held such a memorable conflict with Farnum in "The Spoilers," gives the Fox star an equally historical battle in this play.

There are two girls in the story. Wanda Hawley plays a capable feminine lead opposite Farnum and Claire Adams comes in for her share of honors. There is action, tons of it; the story retains interest by its dramatic intensity; the romantic skein is well woven through the tale and the climax thunders with power. This is the opinion of critics who saw the film before its release to the general public.
