"MAIN STREET" LIGHTS.

"MAIN STREET" LIGHTS.

We would like to transport a bit of New Yorks Broadway or Fifth Avenue to Birmingham—not that we mean tinking glasses, laughing women, boisterous men or even the greystone fronts of million-dollar mansions, but just that part of it that Mr. Thomas A. Edison has placed in a bottle. We mean "lights".

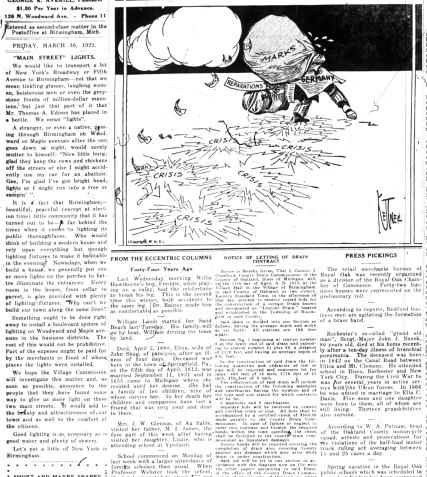

A stranger, or even a native, passing through Birmingham on Wouldward or Maple avenues after the sun goes down at night, would surely mutter to himself: "Nice little burg; glad they keep the cows and chickens off the streets or else I might accidently use my car for an abattoir, Gee, I'm glad I've got bright head; lights or I might tun into a tree or sumpin."

Modern Cleaning (Electric)

¶ Old-fashioned cleaning day with its upset rooms, its tiresome rug beating and sweeping, is a task all women shun.

Modern house-cleaning—with the Electric Vacuum Cleaner—is simple and pleasant.

Rugs, carpets, draperies, curtains and upholstered furniture are cleaned with a new degree of thoroughness without moving them from their usual place.

¶ And it is sanitary because there is no scattered, germ-laden dust, as with other cleaning methods.
