Your Telephone Manager Is Responsible to You for Good Telephone Service

Your Telephone Exchange Manager is directly responsible to you for your telephone service.

We urge you particularly to meet and know him.

Sometimes, there may be little, irritating difficulties 7 with the service that the ordinary trouble report does not seem to quite clear up. In such cases the Telephone Manager will make it a matter of personal attention to see that service is restored to your satisfaction.

But don't wait until then to make his acquaintance. Drop into your telephone office, some day, and meet him. If he is not in, capable representatives will gladly attend your telephone needs. Or leave your rard, and the Manager himself will call on you.

The telephone people will give you any information about your own telephone service or about telephone matters in general.

They are animated with just one purpose—their primary and most important business is to serve you.
