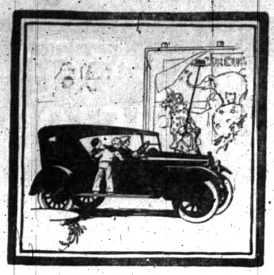
Note How the Hupmobile Darts Away First



The group awaiting for the 'go ahead' at the corner, includes all types, styles and sizes of cars,—but no matter what the group, Hupmobile is 'there' first and foremost when the officer gives the sign.

The Hupmobile owner derives more solid and substantial satisfaction, however, from the fact that month after month and year after year the Hupmobile goes serenely on giving the same, faithful steady service that characterized the first month of its ownership.

F. RILEY & SON - Clawson, Mich.

Red Crown Quality Shouts Aloud

Red Crown, the High Grade gasoline, is one of the major products made, sold and guaranteed by the Standard Oil Company (Indiana).

When it is pumped into your tank, it delivers a service which in every way measures up to the ideals established by the Board of Directors for the Company as a whole.

The evidence in favor of Red Crown as a quality product, is overwhelming. The constant patronage and good will of more than two million motorists, attest the merit of

Red Crown for Service

Red Crown produces instant starting Winter or Summer—a quick snappy get-a-way, smooth steam-engine-like acceleration and all the power and speed your engine is capable of developing. To use Red Crown is to get that maximum service your car was designed to render.

There is no waste to Red Crown—it vaporizes to the last drop to make power and give maximum mileage.

Red Crown is the best, most economical gasoline you can buy.

MASONS DEDICATE THEIR NEW TEMPLE THIS WEEK

(Continued from Page One)

the virtues of Masonry and its moral effect upon the individual as well as the community at large, Mr. McKenzie launched forth into a splendid talk on the work of the Order. He declared that there were but two things of more importance than fraternalism in any community, namely: a Christian home and a Christian church; and that Masonry took from these two places the best that they afforded and, by ritualistic work, enlarged upon the character development of the individual.

He said that, although the Masonic Order was perhaps the strongest and fastest growing fraternity in the world, its value could not be estimated upon mere numbers of members. "There is a wide distinction between a member of the Masonic Order and a real Mason," he stated. "To gain admittance into the Order amounts to little if the member thus admitted does not live up to the tenets of the fraternity. There is something in our work which should bring out of every man those things that stand for friendship, charity and a glorious faith in the goodness of God. It is up to the individual member of Masonry to get from our work those things that make life sublime; to get out of it the finer qualities that will fit us for that spiritual house—not made by hands—eternal in the heavens."

Bishop Gallagher spoke of "spiritualizing material things" and declared that the new Temple was the spiritualism of a material idea of local Masons to "erect house within which none but Godly thoughts should ever enter, from which naught but Christian ideas should be carried forth to execution."

Mr. Winsor, for the past 41 years a member of the State Grand Lodge, congratulated local Masons on their splendid new Temple, and gave reminiscences of his work in Michigan Masonry.

Third Degree Thursday

Last night, Thursday, the three-day session came to a close when the degree team of Corinthian Lodge, Detroit, assisted by the Hudson Male Quartette, initiated Norman Bell, local business man, into the third degree. The work was undoubtedly the best ever enacted in Birmingham Lodge.

"The year 1923 marks a new epoch in the life of Masonry in our Village," said Mr. Bingham Thursday night, "and we have entered our new Temple with renewed and revived spirits. It is, indeed, very gratifying to me to have had the able assistance of members of the Order to carry through to a successful completion our plans to build for our worship an edifice that is worthy of the Masonic craft."

PERSONALS

The Queen Esther Society of the Methodist church was entertained at the home of Margaret Swartz of Purdy street, Tuesday evening.

Sunday, Mr. and Mrs. Henry Hertzer of Detroit, were guests of Mr. and Mrs. Harry Stone of Merrill street.

On the evening of May 28, Mrs. F. E. Sternal of West Maple avenue, will sing from the Detroit News broadcasting station.

THE BIG-SIX SPEEDSTER, COMPLETELY EQUIPPED AS ILLUSTRATED, $1695

$45,000,000 Worth of Studebaker Big-Sixes in 1922

The public paid more than forty-five million dollars for new Studebaker Big-Six automobiles in 1922, buying more of this model than of any other car selling in the same price field.

In the entire world there were only eleven other automobile manufacturers whose total sale of all models equaled the sale of Studebaker Big-Sixes for 1922, and no other manufacturer sold as many cars of the Big-Six class. In addition to the Big-Six, Studebaker builds the Special-Six and the Light-Six in large volume.

For the first quarter of 1923, Big-Six sales showed an increase of 70 per cent over the same period of 1922, evidencing the growing popularity of this model. Big-Six popularity is the result of Big-Six superiority. Materials and workmanship are unexcelled in any car at any price, and unequaled in any car at the Big-Six price.

With its long 126-inch wheel base, big 41-inch tires, heavy frame, scientifically distributed load, long Studebaker-made springs, the Big-Six Speedster rides more comfortably than most cars selling at much more money. Its 3⅝ x 5 motor delivers a world of power, plenty of speed and a quickness of getaway hard to equal.

The price is the result of quantity production.

The name STUDEBAKER is assurance of quality. It has stood for high-grade transportation for seventy-one years.

Two extra wheels complete with tires, tubes and tire covers. Trunk and dust proof cover. Nickel-plated bumpers, front and rear. One-piece, rain-proof windshield. Automatic windshield cleaner and glare-proof visor. Courtesy lamp. Tonneau light with long cord reel. Cowl ventilator. Right-side door. Aluminum bound running boards with corrugated rubber mats and step pads. Aluminum kick plates.

Ford

THE UNIVERSAL CAR

Announcement of Interest to Millions of Families

"I WILL BUILD A CAR FOR THE MULTITUDE"
Said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the

Ford Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.

During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

And now the way is open.

Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

Think it over. Five dollars will start an account. The whole family can participate in it—fathers, mother, brothers and sisters each doing a little.

Why not start today. Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of this plan and help you get started toward the ownership of a Ford car.
