

The Matter of Next Summer's Vacation

should be given a lot of heavy thought right now, or vacation time is liable to find the purse as empty as it was last year when you wanted to go somewhere to have a REAL vacation. Remember?

If you aren't saving for the distant future when your earning power is going to be reduced to a minimum, at least save for next summer! If you HAVE a savings account, start another one for your vacation fund.

"Grumpy" and "The White Flower" at the Baldwin

Every scenario writer strives for one big thing in every picture—suspense. Without a picture as an absolute failure is-to-be-for-as-interest-in-concentrated-public-attention has succeeded.

The central situation of "Grumpy" is the mysterious disappearance of a diamond valued at \$100,000. It is stolen from Ernest Hower (Conrad Nagel) and recovered by "Grumpy," a lovable, though tracheotomized, character played by Mr. Roberts.

If you like a fast moving Western tale with plenty of thrilling stunts, superb photography, an interesting love story and a capable cast, then this picture will surely entertain you.

Hawaiian Islands to produce this story

In addition to directing the screen play, Mrs. Evans also directed the original story of "The White Flower" during a previous visit to Honolulu. The story is dramatic, and the action unusually thrilling.

Tom Mix in "Three Jumps Ahead"

Every Tom Mix picture provides at least one thriller for the amusement of the public. Needless to say, Tom has not failed to provide for his many admirers in this picture.

Tom Mix in this picture shares honors with his horse "Tony," the remarkable animal which has been known to thousands of fans in every city.

Recent visitors at the home of Mrs. Peter Bessie, of Hiramwood, were Mrs. H. B. Johns, of Millington, and Mrs. Stewart, of Redford.

Amazing to Those Who Know Costly Cars

Most persons who know costly cars well, are amazed when they learn how closely Hupmobile construction parallels that of the most expensive cars.

The truth is that many F. RILEY & SON - Clawson, Mich.

Hupmobile production processes are more expensive. They must be, or Hupmobile would not mean motor car economy, and motor car long life, to the pronounced extent it means both today.
