A Combination_

Summer Cottage and Garage

Around to the rear, and drive right in! That's the kind of a Suramer Cottage we've all been wanting to build, plenty of itving room and a place for the car. The illustration, from our Book of Summer Cottages, presents a sketch of both rear and front views.

Who would spend the scorching hot days and long, sleepless nights in the stifling city, when less than an hour's motoring brings one into the sweet-smelling, open country-side—the cooling breeze of the water's edge or the pungent, health-giving air of the shaded woodland?

Build Your Cottage Now — it will be ready in time for the Vacation Season

Our Summer Cottage Booklet, of more than twenty designs, together with the floor plans, is obtainable at our office. It's without charge to those interested. We will be pleased to quote you upon any of the designs, Phone, write or come in, if we may be of service.

Winter's Snow Storms and Your Feet-

Folks, Old Man Winter will soon be here with his snow, slush and sleet. It will be hard on the lightly-clad feet. We now approach the season of coughs, colds and that dreaded malady, pneumonia. It's mighty cheap insurance to have your health protected by GOOD SHOES. We carry a most complete line of winter footwear for Ladies, Gentlemen and Children.

We have just received a shipment of buckle-arctics—the fourbuckle kind that is so popular, you know—and, as there will be a shortage of this arctic this winter, we suggest that you come in at once and be fitted.

The picture tells the story men. If you want a REAL pair of shoes that actually make your feet feel better, let us show you this one.

Perhaps this hasn't occurred to you, folks, but it is a fact that you can get better fitting shoes if you come in when we aren't so busy. Don't wait until Saturday — we are open every day to serve you.
