# Announcement

The MICHIGAN DAIRY & FARM PRODUCE COMPANY desires to announce that it has taken over on September 15, 1923, the plant, goodwill and business of the BIRMINGHAM CREAMERY & ICE MANUFACTURING COMPANY.

The MICHIGAN DAIRY & FARM PRODUCE COMPANY will continue to develop the business pioneered by the BIRMINGHAM CREAMERY, but the real significance of this purchase is the fact that this plant constitutes the first unit in the far-reaching plans of the Directors to sell Milk and other farm products direct from "farmer to consumer."

The MICHIGAN DAIRY & FARM PRODUCE COMPANY is a chartered company with an authorized capital of half a million dollars and five hundred "farmer-stockholders" pledged to market their Milk and other farm products through this, their own company, direct to the consumer.

The MICHIGAN DAIRY & FARM PRODUCE COMPANY has been quietly organizing among the farmers for nearly three years, and its purposes as set forth in its Articles of Association are as follows: "To purchase, sell and deal in milk, cream, butter, cheese and other dairy products; eggs, poultry, fruits, meats, vegetables and all kinds of farm products; to manufacture, store, transport and distribute the same, and to transact all business incidental or appurtenant thereto."

The MICHIGAN DAIRY & FARM PRODUCE COMPANY will establish distribution through a chain of cash-and-carry stores in Detroit and other districts, also a chain of restaurants, one of which is already in operation.

## Come to This Meeting!

On Monday evening next, September 24, at 8 o'clock, Gideon T. Bryce, President of the Company, will address a meeting in the Johnson-Shaw Hall, to which Dairymen, Farmers and Householders are cordially invited. Ladies also will be welcome. Mr. Bryce is a brilliant speaker, and, as originator of the Company's plans and ideals, will be certain to interest you and show just how the farmer and the public can now obtain "the square deal" to which both are economically entitled.

A Special Musical Program Will Be Given.

## Farmers--Bank by Mail

DURING the late summer and early fall, you are going to be pretty busy—with very little time to keep coming into town. Yet at the same time, you want every penny you have in the bank where it is safe, and where it will be earning good interest for you.

The First National Bank has a very simple system for handling your deposits by mail; write or ask us about it today!

## A Garage?

A well-built garage of practical design is just as essential a part of your equipment as a set of tires. A garage of the design illustrated is practical, attractive and economical to construct. It may be built to house one, two or more cars.

### The Convenience

of a garage is always appreciated when the weather is bad—or when one is obliged to be out at a very late hour. To be obliged to house your car in a garage blocks from your home is a decided inconvenience. The presence of a well-built garage adds many times its cost to the value of your property.

Send for our booklet of garage designs—it's without charge.
