"We Serve Michigan"

Geographical isolation makes the Railroads of Michigan a transportation system like that of no other state. Most of our traffic either originates or ends in Michigan.

Bridge the Great Lakes with car-ferries and tunnel under the mighty connecting rivers, though we may, such accomplishments merely better our service to you; we are Michigan Railroads more than trans-continental traffic lines. Our train schedules are for Michigan, not for New York and San Francisco.

To a degree greater than any other state, Michigan's welfare, and the welfare of her Railroads, are therefore one and inseparable. You cannot fall back on trans-continental lines for emergency help; we must always rely on you for our chief support.

We can prosper only together.

Because of this mutual dependence, the twenty-four Railroads operating in Michigan have formed this Association with the purpose of strengthening the relations of the Railroads with the People of the State, by providing you with a clearing house for the exchange of ideas, relative to the transportation problems so vital to the prosperity of our Peninsular State.

We invite your suggestions toward bringing about a better understanding and closer cooperation between the Public and the Railroads. Communicate with this Association.
