Red Crown Gives Better Carburetion. Thirty-seven nationally known automobile factories buy Red Crown Gasoline in tank car lots for testing purposes. These manufacturers use Red Crown because it has made good—because after comparison it has been found to deliver more mileage, more power, less carbon, easier starting, greater flexibility, quicker pick-up, and smoother acceleration. It is practically certain that your car was tested and proved with Red Crown before it left the factory and that its entire carburetion system is adjusted to Red Crown Gasoline. These are weighty arguments why you should use Red Crown, but there is a more forceful reason in the unqualified guarantee of uniformity which the Standard Oil Company (Indiana) gives you with every gallon of Red Crown you buy. Fill up with Red Crown anywhere and everywhere and you will get more mileage, better mileage, and better carburetion.
