

This One Thing Only

See the True Blue Oakland Six-54 before you choose your car. This one thing only is all we ask.

Next to a home, an automobile is the average family's greatest single expenditure.

Surely your consideration of motor cars must therefore include a careful examination of every automobile that can possibly give you greater satisfaction for your money.

Only when you see it, examine it, ride in it, drive it, will you appreciate why the True Blue Oakland is the most advanced car in its class.

—most advanced because no limitation was placed upon Oakland engineers other than that they design a powerful, smooth-running, balanced six of extreme endurance.

To create such a car, Oakland engineers, in cooperation with General Motors experts, worked for two years.

Included in its construction are more worth-while improvements than in any other car in its class.

Name them over and you will not find one missing: Brand new engine with automatic spark advance, four-wheel brakes, bodies by Fisher, permanent top, centralized controls, special Oakland permanent satin finish, disc wheels, etc.

These are the facts. You can easily prove them for yourself. The power, endurance, smoothness, economy and safety of the Oakland Six have been demonstrated to motorists, in every state, by Oakland's six True Blue Travelers.

Their records have been duplicated by thousands of True Blue Oakland now in service, some with mileage records up into five figures.

That is why we emphasize this one thing only. See the True Blue Oakland. Examine it. Ride in it. Drive it. That tells the whole story.

BLOOMFIELD OAKLAND SALES & SERVICE

119 N. WOODWARD AVE.
BIRMINGHAM, MICH.

denomination of interesting. It is committed to the prohibition of liquor.

1872 The General Conference of the Methodist Episcopal Church recommended the use of unfermented wine at the Sacrament, and declared for Prohibition.

1873 A Congressional Temperance Society was organized in Cleveland. The American Society of New York College of Surgeons and Physicians was organized.

1835 At this date, more than 8,000 temperance societies had been formed, and more than 4,000 distilleries had been closed; about 2,000,000 men had ceased to use distilled liquors, 1,500,000 places were withdrawn from members of temperance societies.

1836 The Second National Temperance Convention was held in Saratoga, N. Y. At it the pledge of the society was changed from abstinence from distilled or fermented liquors, abstention from "all intoxicating liquors."

1793 This was not done without much opposition from many temperance reformers, both eminent and obscure. The views of these were well set forth in a letter which the Rev. Amos A. Phelps, of Princeton, N. T. U., was established as the official organ of the Christian Temperance Union, Frances Willard of Chicago, was its first editor.

1874 Dr. Dio Lewis published his remarkable book entitled "Prohibition or Failure," in which he urged pro-temperance reformers to "stop and think."

1874 The organization of the Women's Christian Temperance Union was effected on November 18 of this year. The first meeting was held in Cleveland, Ohio, five years after the organization of the Prohibition Party at the same place, and twenty-one years before the organization of the Anti-Saloon League at Washington in 1893.

1874 The Hon. James Beattie of Toronto, introduced into the Canadian Parliament a bill prohibiting distilled spirits on any day, in which he urged reformers to urge the insertion of this degree of abstinence in the public pledge, because in his opinion it is adapted to produce an unfavorable reaction and will serve to narrow and weaken the temperance cause.

1874 The eighth National Temperance Convention, held in Chicago June 3, passed a resolution calling for a national prohibition amendment to the Federal Constitution. In November a memorial to Congress was sent.

1874 Hon. Henry W. Blair of New Hampshire, on Dec. 17 presented in the National House of Representatives a bill providing for the submission to the States of an amendment to the Constitution prohibiting the manufacture and sale of spirituous liquors for beverage purposes.

1874 The W. C. T. U. adopted a report, calling for temperance lessons in the Sunday schools, and appointed a committee to prepare and introduce temperance teaching in all schools and colleges.

1874 The Society for the Prevention of Crime, which was largely aimed at the liquor traffic, was organized by the Rev. Howard Crosby in the City of New York.

1874 The Temperance Lesson Book by Dr. B. Ward Richardson of England was published this year and introduced into the United States by W. C. T. U. for use in the public schools.

1880 The National W. C. T. U. held this year in annual conference at Boston. It created a Department of Scientific Temperance Instruction for Public Schools. This department was organized under the direction of Mrs. Mary H. Hunt.

1882 Two joint resolutions submitting a Constitutional prohibition amendment were introduced to the United States Congress by Senator Plumb of Kansas and Senator Blair of New Hampshire, and referred.

1882 The official organ of the W. C. T. U. was consolidated with the "Our Union Signal" of Chicago, under the name of "Our Union Signal."

1882 The world's W. C. T. U. was organized at the national convention held in Detroit, Mich.

1885 A partisan Anti-Saloon movement was organized in Kansas, for the purpose of inducing the Republican party to adopt a platform of hostility to the saloons.

1887 The provision of a quarterly temperance lesson into operation by act of International Sunday School League Committee.

1887 Senator Blair introduced a resolution to the United States Senate prohibiting distilled liquors.

1890 The building of the W. C. T. U. Temple in Chicago was begun.

1891 Twenty-three illicit whiskey stills were destroyed in Florida. Probably had been previously used for distilling turpentine.

1891 The Encyclopedia of Temperance and Prohibition was published by Funk & Wagnall.

1893 The Prohibition Party, after 24 years of organized effort had been unable to poll in any election as many as 275,000 votes out of a total of more than 12,000,000, or not one out of forty-four.

This year the Ohio Anti-Saloon League was founded by Howard Russell at Oberlin, Ohio. Also, the District of Columbia Anti-Saloon League was organized at Washington, D. C., and the Evans Dispensary League became operative in the State of South Carolina.

1894 A committee of fifty, with Seth Low as president, was organized in New York to study the liquor question with a view to public and private legislation.

Several hundred illicit brandy distilleries were discovered in the mountain districts of California; many were worked mostly by Italians. More than 100 moonshiners were brought to trial in Kentucky and many illicit stills were destroyed.

1895 The American Anti-Saloon League was organized at Washington, Dec. 18, by the coalition of the Anti-Saloon League of the District of Columbia and the Anti-Saloon League of Ohio, and five other state, national and local temperance organizations.

Dr. H. H. Russell was chosen the first national superintendent.

"The American Issue," the official organ of the American Anti-Saloon League made its appearance for the first time.
