

BALDWIN BEACON

Another year has come; again Royal Oak has invaded our domain and again defeat, overwhelming and unexcusable has been their lot. To the 60-4 injury by the girls the boys added a 20-10 insult. The home team was materially handicapped during the first half by the inactivity of Captain Symons to live up to his customary brilliant level, though his team-mates struggled hard to make up this deficiency with Brown doing fine work at right guard the score was only 6-4 at the intermission. Latham, Vliet and Shave had had luck in the first half. They missed an appalling number of follow shots. Hunt unlimbered his old siege gun; but the loop remained undisturbed by his bombardment. Stan must be careful or he'll hurt some spectator when he misses the back board. After the first quarter Shave took over the altitude duties, while Vliet returned to his customary place as forward.

After lunch Punk and Vliet reappeared in the main. Immediately the fireworks started. The team seemed to find themselves. Flashes of the form they showed in the game could be seen. The score increased with leaps and bounds, mostly by Symons who dropped three long ones in quick succession. Latham was knocked out in the third frame but did not like the refreshment. Charlie decided to play basketball instead of dead man. In the closing minutes, with the game practically locked away, Coach Van Winkle flooded the court with substitutes. Vliet, at center, was the only original starter still operating at the final whistle.

Local Boy Decides That "Making 'Em Laugh" Will Be Life Work

A careless song with a little no nonsense in it now and then, does not misbecome a monarch. There is a young man in our town who professes to vie with Charlie Chaplin and other well known comedians of the screen and speaking stage, for world applause. People who have seen him will tell you "crutch"; his wit and droll humor are

CLARK HALLOCK sure to turn up at the corners of anyone's mouth. He certainly has the recipe for chasing away the "blues," and dull care. The young man has spoken of Clark Hallock of Ann Street. This year he is a pupil at the I. O. B. K. School of Acting in the I. O.

After Royal Oak won the debate, our girls determined Royal Oak should lose in basketball—and when a woman decides to look out! Every girl certainly has to be determining throughout the entire game. The first quarter proved quite exciting since the only points the opponents made were gotten at the beginning of the game.

Now Mrs. Latham knows what to use to get Mr. Van Winkle's attention, thanks to Mr. Van Winkle. Too bad Peel couldn't referee the debate too, then the boys and girls would have had at least an even break to win. A brilliant tact that must be a sign of proficiency anywhere as witness Giarpotte, titan-haired right guard of Royal Oak.

90 COUPLES ATTEND HI-Y DANCE FRIDAY From nine P. M. to one A. M. was the duration of the most successful organization date of the season, given last Friday evening at the I. O. O. F. Temple, by the Hi-Y boys. Although the affair was strictly invitational, and positively no "stags" were allowed, ninety couples attended.

Committee members reported after the affair that the Hi-Y dance had had the largest attendance of any dance ever given at the I. O. O. F. Temple; and that the Hi-Y had made a profit.

O. F. Temple Buildings on Randolph street, Detroit. He is making wonderful progress, and in spite of his short training he shows unusual aptitude as a comedian in personal and screen work while he is studying. Mr. Hallock's talent was evidenced in the Junior and Senior plays given by the graduating class of '23, which he was a member. Besides being a very promising comedian in high school, Mr. Hallock was a talented violinist in the school orchestra, and a fine singer in the Senior Quartet.

YOU MAY PLACE ASHES ON SLIPPERY WALKS Although there is an ordinance on the village books which compels local residents to keep their sidewalks free from snow and ice, Manager Starr said this week that there are times when it is practically unenforceable. Under such conditions, he said, there would be no complaint made against the placing of fine ash-salt mixtures, thus making for safer pedestrian travel. Where possible, he advised the use of salt instead of ash.
