

Put the Letters To

Do you want to earn \$15.00 in a very few months following directions:—

Contained in the advertisements on this page, together, will make a complete sentence describing a blank check for \$15.00. This blank check, when sent to the finder.

Each one of the advertisements on this page contains a sentence. For instance, take the word "beautiful" because there is a superfluous "f" in it that should be used in spelling out the missing sentence.

The envelope containing this check will be placed in the office of this paper. The name of the person to whom it will be turned when the missing sentence is found.

Anybody and everybody is eligible to enter this contest. It is open to all members of the Birmingham Eccentric or members of their families.

The whole idea is simple; put the missing sentence in the envelope is hidden; then bring it to the Birmingham Eccentric Office.

What are you going to ask of the electric cleaner you buy? That it be a winner of medals?

If so, you may be interested to know that no electric cleaner ever won awards or medals over the HOOVER where the HOOVER competed. The million three hundred thousand women who have given it their preference have done so purely on the basis of its efficiency.

The HOOVER beats as it sweeps, as it cleans.

Knowing these facts, can you conscientiously buy any cleaner until you have given the Hoover a trial?

The easy payment plan we will offer you makes the purchase of a HOOVER no burden at all.

ONE of the foremost Realtors in Michigan has said that the way to success is to own something, meaning real estate, of course.

And yet you and I agree that ownership of property would not warrant success unless the purchase price was right.

I have several beautiful building lots located in different sections of Birmingham that can be had at from \$300. to \$500. under market price; also some fine modern homes for less than construction cost. Either or both warrant success.
