Why the "Taxpayer" Garage?

BECAUSE the income to be realized from a garage of this-type so quickly absorbs the taxes, interest and other charges on property not yet improved, it is called the "Taxpayer."

It has proven an unusually popular model, and may be built to house one, two or several cars, de-

pending upon your requirements. The cost? It's exceedingly moderate—and its simple type of construction makes it very easy to build. We'll be pleased to quote you upon any size you may desire.

A reliable man to build the garage and put in the cement work will be recommended should you be interested PHONE FOR PRICES
