Free From Even Minor **Adjustment Needs**

Everywhere you go you find the good Maxwell noted and praised for its economical, care-free service.

A wonderfully engineered car, produced by a powerful organization that knows how to build fine cars at phenomenally low costs. We sincerely believe that you will not find such goodness and such economy, such riding and driving ease, at anywhere near the good Maxwell price.

The motor is free from common minor adjustment needs. Both transmission and rear axle are strong enough for a truck. And the car is a flash in traffic. An unusually good car, every way.

We are pleased to extend the convenience of time-payments. Ask about Maxwell's attractive plan.
