Stronger at Vital Points Than Even Costliest Cars

The economical, care-free service which the good Maxwell gives its owners day in and day out, goes straight back to the fact that it is relatively stronger at all vital points than even the costliest cars.

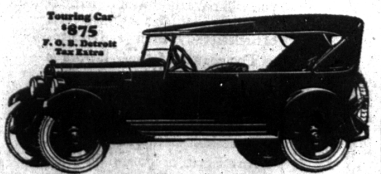

All wearing parts are made as durable and rugged as it is possible for a big, powerful organization, with vast facilities in metallurgy, fine engineering, and skilled, painstaking production, to make them.

It is obvious that the description good has attached itself to the Maxwell because it possesses goodness to an outstanding degree.

We are pleased to extend the convenience of time-payments. Ask about Maxwell's attractive plan.
