98 cents of every dollar of gross profit earned
by local merchants is spent right here in town

OUR local, home town merchants are
whole-hearted, loyal supporters of
our own community. They spend their
money with local people. Taking them
all as an average, our local merchants
spend 98 cents of every dollar of gross
profit earned right here in town. Local
merchants pay local taxes, support local
schools and subscribe to the support of
local churches, clubs and organizations.
A large part of every dollar they earn
goes for salaries to employees who are
also local spenders and boosters for our
own community.

The Local Merchants Deserve
Our Patronage

Local merchants are ready to serve
us. They have stocked their stores with
the goods they know we will want to
use. They are as close as your nearest
telephone, ready to deliver today the
goods you want today. Any local mer-
chant will invite comparison with any
outside competing firm. When you con-
sider price, quality, service, delivery, the
possibility of personal selection and an
immediate purchase we know you'll de-
cide in favor of the local merchant.

MOTHER!

Have You a Photograph of Your Little
Son or Daughter?

Frequently a sorrowing mother comes to us
bringing perhaps just a faded kodak print which
is the only picture she has of the child she has
lost, and almost begs us to make a copy of it.

Sometimes we are able to get a pleasing result,
but often this is not possible. We hope the child
does all grow into healthy man and woman, but
WHAT IF THEY SHOULD DIE?

You can't lose what you have a child's photo-
graph made. No matter what life brings, a photo-
graph of YOUR CHILD will always be a source of
pleasure to you.
