**MOTHER!**  
Have You a Photograph of Your Little Son or Daughter?

Frequently a loving mother comes to us, bringing perhaps just a faded Kodak print which is the only picture she has of the child she has lost, and almost begs us to make a copy of it. Sometimes we are able to get a pleasing result, but often this is not possible. We hope the children all grow into healthy men and women, but WHAT IF THEY SHOULDN'T?

You can't lose what you have a child's photograph made. No matter what life brings, a photograph of YOUR CHILD will always be a source of pleasure to you.
