DANGER!

Vote No-or Pay

Tax radicals in Michigan have succeeded in placing on the ballot, for your vote, next Tuesday, a Constitutional Amendment LOADED WITH DYNAMITE.

This Amendment proposes a State Income Tax which would, in its eventual result, deprive every wage earner in Michigan of from 5% to 10% of his or her income.

This Tax would increase your rent and raise the price of every article you buy.

Like every other Tax, it would be passed along to the eventual consumer, and would be finally balanced by a corresponding increase in living costs.

It Imperils Prosperity
Worse even than this would be the foul blow this Amendment would strike at Michigan Industry. For the manufacturer here must still compete for business in open market. Few other states have income taxes. None has a tax so cruelly severe as the one proposed for us.

Can the Michigan factory successfully shoulder this handicap?
Must it not eventually go under, throwing its men out of work, and increasing the tax burden of everyone else?

It Threatens Our Schools
The higher authorities, including the State's Attorney General and its Superintendent of Public Instruction, agree that this proposed amendment would have still another disastrous and even more immediate effect. It would directly reduce taxes paid by railroads, telephone companies, power companies, and other public service corporations.

It would go back to the old system of local assessment and

local rates—the system which Pingree changed through his Equal Taxation fight, after these corporations had, for many years, escaped paying their share of taxation.

By this backward step, the Michigan Primary School Fund, into which such corporations today pay yearly the huge sum of almost \$15,000,000, would surely be seriously depleted. In great part, the grade schools of Michigan are supported through this fund.

It Robs Your Church
Heavy, too, would be the penalty enacted by this amendment from Michigan Churches, fraternal societies and Charities. They are not in any way exempted from this tax. Therefore, for every dollar you contribute to them, from five to ten cents would go to the politicians to spend, if this amendment passes.

And remember, this is a Constitutional Amendment!

It becomes, if passed, part of Michigan's FUNDAMENTAL LAW, and almost impossible to change in any way.

Defeat It!
Let nobody delude you regarding the actual facts. Place no trust whatever in the loose phrasing of the Amendment itself. And don't confuse it, for one moment, with any other amendment presented for your vote. You will find this amendment the second on your ballot.

Determine firmly, right now, to carefully pick it out on Tuesday, and to vote an emphatic NO as your verdict on this State Income Tax.

Women Voters!
Your family needs your husband's earnings far more than the rich, mighty state of Michigan.
But the politicians want more of his money to spend and they will get it, if the Income Tax Amendment passes.
Vote NO on this amendment next Tuesday.
Keep this income where it belongs—where it can help support your family and make life easier for all of you.
