

FOR THE KIDDIES' HEALTH READ THIS PASTEURIZED MILK Vs. RAW MILK

PASTEURIZATION is hereby defined as a process by which milk is heated to a temperature of 142° to 145° Fahrenheit and held at this temperature for a period of not less than thirty minutes, then suddenly cooled to a temperature of 50° or lower and shall be held at or below 50° until delivered to the consumer.

Raw milk is hereby defined as milk that has not been heated in any way to destroy the Coccidia, such as Typhoid Fever, Scarlet Fever, Diphtheria, Dysentery and other germs that exist in milk by the thousands.

Milk that has been properly pasteurized destroys these germs—and makes a healthy, nutritious food for the children as well as the grown-ups.

Watch this space next week for something further on pasteurization.

P.S.—MILK CONSUMERS ARE CORDIALLY INVITED TO INSPECT THE PLANT AT ANY TIME.

OAKLAND MOTOR CAR COMPANY ADOPTS NEW ONE PIECE WINDSHIELD

The Oakland Motor Car Company has just adopted a new one piece windshield for its four closed models—undoubtedly the most revolutionary advancement in windshield construction since the early days of the automobile industry when motorists used rubber aprons over their laps.

This "V" type windshield has been evolved by the Fisher Body Corporation, which builds all Oakland bodies.

The new windshield does not tip to give ventilation, but slides upwards in felt-lined channels, much in the same manner as the side windows of the closed body type motor car. It is easily and mechanically operated by a crank located above the shield and does not rattle.

One-half turn of the regulator handle raises the shield from its base one inch, opening a section approximately 4 inches long and one inch high to outside air pressure.

The air rushes unobstructed through this ventilator the entire length of the shield and is conducted into the body, forward and down to the floor. This type of windshield eliminates the cowl ventilator.

If more air is desired, two and one half turns of the regulator handle raises the glass three inches above

the instrument board, opening a section approximately 135 square inches, through which the air rushes directly into the driving compartment. Quick ventilation and thorough change of air are obtained by driving one of the doors, or one of the rear quarter windows.

The windshield is water-tight and practically air-tight, easily operated and easily cleaned, besides adding to the clean-cut appearance of the car.

BOARD OF EDUCATION.

Birmingham, Michigan, Aug. 18, 1924.

The regular meeting of the Board of Education was held in the office at 8 p. m. Present: H. B. Clement, Fred V. Quorton, Leigh Lynch and R. J. Coryell.

The minutes of previous meetings were approved.

The following organization of the Board for 1924-1925 was then effected: President, H. B. Clement; Secretary, R. J. Taylor; Treasurer, Fred V. Quorton.

Moved by Taylor supported by Coryell that Fred V. Quorton be appointed to serve on the Birmingham High School Scholarship Fund for the coming year. Carried.

The following bids were received for the Barnum school heating and ventilating general contract:

- Ransom and Whiteside \$15,539
- N. A. Starr 15,982
- Frank Clark 13,738
- Erb Construction Co. 13,246
- Chissus Bros. 13,972

Moved by Coryell supported by Lynch that the bid of Chissus Bros. be accepted. Carried.

Moved by Taylor seconded by Lynch that Van Leyen and Schilling be requested to write a letter to the Board authorizing an estimate of \$6000 for Clark and Lowman on the Baldwin high school.

Moved by Taylor supported by Lynch that the bid of the Main Heating and Ventilating Company for repairs on the Barnum school roof at \$610 be accepted. Carried.

Moved by Lynch supported by Coryell that the bid of Waite Bros. for shade for the Baldwin addition at \$183.35 be accepted. Carried.

The following bids for the Pierce Street school were received:

- General Contract
- Culbertson and Kelly Co. \$198,595
- Prayle Construction Co. 190,000
- J. J. Ingram 182,000
- N. A. Starr 185,796
- C. E. Erb 181,674
- W. W. DeLange 178,870
- Frank Clark 177,997
- A. W. Kutsche and Co. 177,997
- Plumbing, Heating and Ventilating
- Drake Avery Co. \$35,544
- Heating and Ventilating 49,000
- Plumbing 47,928
- Main Plumbing & Heating Co. Heating and Ventilating 29,450
- Vacuum System 1,930
- Plumbing 11,500
- All 42,000
- E. E. Ream Heating and Ventilating 41,197
- Plumbing 19,354
- Faines and Brown Heating and Ventilating 32,000
- Plumbing 12,000
- Fred J. Douglass Co. Heating and Ventilating 29,796
- Vacuum system 2,928
- Plumbing 20,828
- All 42,000
- Bryce Heating and Ventilating 29,524
- Electrical
- Donahue and Shobottom 12,187
- L. G. Strigow and Son 11,913
- McClary-Harmon Co. 11,111

Moved and seconded that the bids be allowed as read. Carried.

Excels in Strength and Performance

In its admiration of the good Maxwell's ability to outperform anything at anywhere near the price, the American public should remember—

- 1st.—That no other car in America, regardless of price, excels Maxwell strength and staunchness in proportion to weight and power.
- 2nd.—That at all vital points, metals and construction are the same as in cars that cost three to four times as much.
- 3rd.—That in its manufacture, no measures are too costly to protect the owner fully, in person and in pocket.

Those are the precise reasons why the good Maxwell—now, under the supervision of Chrysler engineers—stands up and delivers its splendid service at such amazingly low cost.

All Maxwell dealers are in position to extend the convenience of time-payers. Ask about Maxwell's attractive plan.

A Better Way to Buy Gasoline

Many motorists value the quality of gasoline for granted, when they should think of buying it in terms of power, mileage and economy.

The individual excellence of AMERICAN CERTIFIED QUALITY Gasoline refutes the "just as good" argument and proves it distinctively a better gasoline.

We urge you to make the most rigid tests and the most extensive comparison, filling your tank with AMERICAN then you will know what you can always expect from this gasoline.

The Power Behind Your Motor

Drive to an American Service Station or dealer and get this guaranteed quality gasoline. You will avoid the trouble often encountered with the ordinary motor fuel.

Avail yourself of the courteous prompt attention and the friendly personal interest always accorded every patron. Do it today.

New—created for those who respond to Excellence

THE new Oakland Six Landau Sedan was created to match the taste and quicken the pulse of those who instinctively prefer excellence.

Here is luxury on four wheels—a light, close-coupled, closed car—easy to drive, easy to park—powerful, handsome, individual—and as clean-cut and debonair as a Derby winner.

Here is exclusive luxury at a very low price for such luxury. There isn't a car in its price group and not a handful among the higher priced cars that offer the smartness and completeness of dress and demeanor you will find in the Landau Sedan.

Here is beauty of an exceptional type conceived by Fisher and installed on a chassis that is True Blue to the last bolt and the last nut—

—A True Blue car with spirit and vigor and driving utility that have earned it the right to be called "a year in advance of its field."

Drop in today and ask to see this new Oakland. It is a great deal more than a good looking car. It is one of the world's very finest!
