Economy

Red Crown is the thrifty man's gasoline because it burns clean - every drop is vaporized and converted into a steady, steamengine-like drive of sustained pulling power.

Every gallon of Red Crown contains more miles, because of the unbroken flow of energy in its continuous chain of boiling point fractions - unbroken clear to the heavy ends-the power end of the chain.

Red Crown is a joy in action and a delight in economy + it saves miles; it saves repairs; it saves power; it saves your engine and avoids carburetor adjustments because Red Crown distribution is universal. You will find Red Crown everywhere and everywhere the same.

On your vacation trip you will ' find Red Crown service is ahead of you throughout the ten Middle Western states.
