My commission expires May 1st, 1925.

Moved by Malcolm, supported by Seeley, that petition be received and referred to the Committee on Boundaries.

To the Honorable Board of Supervisors of Oakland County, Michigan:

Your petitioning committee appointed to examine and report on the petition now filed with this Board, of certain citizens of the Township of Royal Oak and the Village of Pleasant Ridge, for the annexation of certain territory to be taken from the Township of Royal Oak and annexed to the Village of Pleasant Ridge, beg leave to report and recommend as follows:

We find that the annexation is to be made under Act 279 of the Public Acts for the State of Michigan for 1909, and Acts amendatory and supplementary thereto. The lands proposed for annexation in said petition are all those pieces and parcels of land situate and being in the Township of Royal Oak in the County of Oakland and State of Michigan, and described as follows, to-wit:

Commencing at the intersection of the north section line of Section No. 21 with Woodward Avenue so-called in the Township of Royal Oak, County of Oakland, State of Michigan; thence running west along said north section line of Section 21 and 20 to the northwest corner of section 20; thence south along section line between Sections 19 and 20, 29 and 30 to the southwest corner of section 29; thence west along said east and west section line between sections 29 and 32, 28 and 33 to a point where said east and west section line intersects the westerly boundary to the Village of Ferndale, thence northerly along said westerly boundary of the Village of Ferndale to the southerly boundary of the Village of Pleasant Ridge; thence westerly along said southerly boundary of the Village of Pleasant Ridge to the southwest corner of said Village of Pleasant Ridge; thence northerly along the westerly boundary of the Village of Pleasant Ridge to the east and west section line between sections 28 and 21; thence easterly along said east and west section line between sections 28 and 21 to the quarter section line between the southeast one quarter and the southwest one-quarter of section 21; thence north along said quarter section line to the westerly boundary of the City of Royal Oak thence in a northwesterly direction along the westerly boundary of the City of Royal Oak to the point of beginning. The same being section 20 and all that part of section 21 not included in the City of Royal Oak, all of section 29 and that part of section 28 not included in the Village of Ferndale and Pleasant Ridge.

We find that said petition was filed with the County Clerk over 30 days prior to the present session of the Board of Supervisors as required by law; that proper affidavits are attached and that all of said proceedings appear to be regular and in accordance with the statute.

We therefore recommend that the citizens of the Township of Royal Oak and the Village of Pleasant Ridge comprising all the territory affected by the proposition be granted the opportunity to vote on April 6th, 1925, on this question in accordance with said resolution as passed by this Board and that the proceedings under the statute, for an election to be held on the date above specified to decide the matter of said annexation.

Dated, Feb. 9th, 1925.

R. W. CLARK,
JOHN C. SALMER.
D. McRAE.

Moved by Clark, supported by McRae that report be accepted and adopted.

Ayes: Moore, Adams, Bond, Brooks, Brondige, Burt, Bowden, Brewer, Cuthbert, Clark, Coventry, Dunlap, Ely, Gale, Hillman, Irish, Lesalter, Lawson, Lambert, Malcolm, McClure, McRae, Muir, Rogers, Ross, Smith, Shimmons, Seeley, Scott, Salmer, Boyd, Willson, Wardlow and Warren—(34).

When Opportunity Knocks

ONE of the many tests made to demonstrate the value of light in attracting customers and increasing sales was the following:

A small department store was selected for the experiment. Measurement of the light intensity used showed 5 foot-candles. Arrangements were made to permit an increase to 15 foot-candles at will. Both these intensities were used alternately and results compared. It was found that during the better lighted period the number of actual purchasers increased 12 per cent, and the average sales per customer rose 29 per cent. The extra cost was comparatively trifling.

Here is where Opportunity knocks at the door of the modern-spirited storekeeper—competitors are mostly running under the handicap of poor lighting.
