

# A Warning of Disease

Pain is always a friend to begin with, because it is a warning of serious consequences to follow, unless certain conditions are complied with. Like other warnings, this one seldom is heeded.

If people would heed this warning and live sanely, they would in time live twice as long as now. Not living as that wise, they die before their time, and those who follow after us, suffering our misdeeds as well as their own, follow suit.

In ignoring such warnings we shorten the course that leads to the place where freedom ends and suffering begins. It was never intended man should suffer in body. There is a way to prove a healthy mind and body possible. You do your part—consult the Chiropractor, and let him do his; the result will follow.

He relieves the nerve pressure by the use of the bare hands alone. The vital force is returned to the organs which it formerly supplied and health is the result.

Office Hours: 10 to 12, 2 to 5. Tues., Thurs. and Sat. Evenings, 7 to 8

"I wish there was someone who might appeal to stop the noise that we suffer on our street, due to automobiles. Just ordinary traffic is disturbing but of late the trucks and even passenger cars traveling on Maple have been opening their mufflers and it would seem doing every other conceivable thing to make a noise. I would say there are literally hundreds every day who break up the peace of the neighborhood by this means. I think something should be done to stop this nuisance."

## How's Your Electric Iron?

EVERY housewife uses an electric iron and blesses the inventor. Nevertheless, the electric iron, in spite of its virtues, does not possess everlasting life. It wears out in the course of time, like everything else.

An electric iron when old and decrepit naturally falls to do the satisfactory work of its prime. It should be retired from service. But it is not to be considered a dead loss on that account. You can get a full dollar for it whenever you decide to buy a new one. The stuff in it is worth that much to us; and you are welcome to its value.

Don't keep on using a worn-out iron. It doesn't pay. Bring it in and buy a new one. It's as good as a dollar bill to you.

## The Detroit Edison Co.

**E. G. Potter of Oakland Avenue.**  
"There are more people from around Birmingham and this section who take trips to Europe and around the world every year than from any other part of Michigan. This is due largely, I would say, to the type of people that take up their residence in Birmingham; first, because they have the means to travel, and secondly, they are of a type of people that enjoy extensive travel. My figures would indicate that I have my conclusions were obtained from the books of the various looking offices who claim to have more inquiries from this section than any other in the state."

**Mrs. L. R. Mix, president of the Business Girls Club.**  
The Business Girls Club for the month of July has been enjoying their Thursday noon luncheons in Baldwin Park. It is a great deal. Although many of the business women are away on vacations, these August meetings have been thoroughly enjoyed. Next Thursday we will begin to meet in the Community House again when our membership will begin to increase.

**Thomas H. Cubb, vice president of the First State Savings Bank.**  
The repairing of our building is going to be a great deal. By the time the cold weather sets in the interior will be enclosed. Our business will be interrupted. During the completion of the main lobby there will be a temporary entrance opened up on Woodward.

**Lloyd L. Stanley, local Boy Scout Commissioner.**  
"We want to take the local Scouts on a camping trip over Labor Day. Any persons who have tents which they are willing to loan for our use will do a good thing for the boys of the community if they will call me."

**Thomas M. Lynch, of Frank street.**  
"I hear that Jim Wooster is going fishing again. I suppose that he'll stick pretty close to a fish market so he can tell some big ones when he gets back."

**H. E. Whittenberger, of West Maple Avenue.**  
"Birmingham is, indeed, a very wonderful place to live in. Mrs. Whittenberger says that, aside from Kansas City, she would rather live here than any place in the world."

**J. R. Potts, who is semi-annually employed by the Eccentric to get new subscriptions to the paper.**  
I have done a good deal of soliciting for weekly newspapers during my life, but I have never yet found a field that was better covered locally than it is in Birmingham and vicinity. In interviewing prospective subscribers, I really feel that in asking them to take the Eccentric I am offering them a service. I am certain I do not have to make any excuses for the Eccentric. And the recent Directory which was published by them is being truly appreciated by the people."

## The Warehouse Store

### GOOD FURNITURE—LOW PRICE

At the Wolverine retail furniture store in our industrial warehouse buildings in PONTIAC we are parting dependable furniture at a lower price than the ordinary store. Shop around, then come in and see our stock and prices. There is an excellent assortment of furniture for each room in the home, as well as rugs, refrigerators and PORCH pieces. Our moderate prices are due to lower operating costs, such as a single organization for the two businesses; lessened expense for floor space, handling, electricity and other items.

## Wolverine Manufacturing Co.

Pontiac—Franklin Rd. and G. T. R. R.

HOW TO GET THERE:  
Going north into Pontiac on Saginaw St., turn left on first street after passing the second railroad crossing. Our store is straight ahead.
