MISSIONARY SOCIETY

The Women's Missionary Society of the Southfield United Presbyterian Church will have a Supper and program in the church basement on Friday Eve., Dec. 11th. Supper will be served beginning at 6 o'clock. Fancy and staple articles of all kinds will be on sale. Come and have a good time doing your Christmas shopping.

Y. P. C. U. MEETING

The Y. P. C. U. societies of the Detroit Presbytery held their Fall meeting at the Southfield United Presbyterian church, Nov. 27, 1925. After a good supper on a cold night served by the women of the Southfield church, Mr. Clyde Gass, Presbytery Secretary, Southfield, gave the welcoming address. The response was by Gordon Sweet, Pres. Pontiac. The secretary's report was accepted. Mr. Marks, state representative, for Y. P. C. U. groups spoke of the "Challenge to Duty" and gave us three "Pray, Plan, Push." In reply to "Best Ways to Finance" he gave the pledge system as perhaps the most satisfactory under most conditions.

The following officers were elected for next year: President, Gordon Sweet, Pontiac; 1st Vice-pres., Archie Fletcher, Military Ave., Detroit; 2nd Vice-pres., Milton Parks, Birmingham; Treasurer, Mary McKinstry, First, Detroit; Secretary, Ruth Parks, Southfield.

The final treat of the evening was a program by two "Sunshine Sisters," Miss Aiken and Mrs. Toffel. They gave us a fine assortment of songs, guitar selections and some of their personal experiences as they have gone about through the United States in "The Sun-Car."

BARRY AND SEARS READY TO MOVE TO NEW HOMES

In spite of wind-sweep and sudden snows another new home has been completed on Frank street. This is a lovely Dutch Colonial house with a three-car garage in the same style. The residence is of ten rooms with oak finish throughout. The sitting room crosses the entire front and the rear of the house. The kitchen is new-fashioned, being winding and pinnet supported. J. Barry is building the place for his home and will move there the first of the week. Another home that is nearly finished is the one for Clinton Sears located at the corner of Madison and Adams streets. It is an eight room structure with the estimated cost of \$8,500. Glenn Rauter is the builder.

"LEAPING LENA" QUIT LEAPING AT SAGINAW

Some things improve with age; others do not, so the members of the Leaping Lena Gun Club Franklin discovered when the ten year old Ford bought especially for the trip to Michigan wheeled into Saginaw last Monday and gave its death rattle at 3:00 a. m. Nothing remains for the quartette to do but complete the journey by train after tearfully having consigned the corpse to the potter's kiln for decent care. Clements, Van Every, Baynes and Arnold were true to their original resolve in spite of the mournful ferule and Thursday returned for Franklin with four bucks with eight month antlers averaging 117 pounds apiece. Considering all things the mimos were well pleased with the outcome of the expedition.

P. T. A. COUNCIL TOLD OF NEW SCHOOL BOND ISSUE

Monday night at a very short meeting of the school board the Parent-Teachers Association Council was presented to it the \$3,500 bond issue proposed for the purpose of laying additional school property adjoining the Hill school. The Council will present the issue in turn to the respective units of the association meeting this week with the hope that by agitation and explanation there will be a large and intelligent vote on December 2.

CHEVROLET OUTPUT TO EXCEED 500,000 IN 1925

Before the end of December the Chevrolet Motor company will establish a new record for the entire automotive industry by attaining a production during the year 1925 of more than 500,000 passenger cars and trucks.

This production for a single year never before has been approached by any other manufacturer of selective transmission automobiles. This year Chevrolet will exceed its previous record production by 60,000 cars.

The achievement of a half million production in a single year carminates a series of records set by the Chevrolet Motor company during 1925. Among these was the turning of the two millionth Chevrolet, which came early in September from the assembly line of the central factory at Flint, Mich. This record production of 2,000,000 cars has never achieved by no other manufacturer of three speed transmission automobiles.

The half million Chevrolet total for this year represents a greater number of units than was built by the company during its entire history of its existence. Chevrolet's total production to date is greater than the number of cars built by all automobile companies during the first 20 years of the industry.

The phenomenal 1925 total is the result of a series of record-breaking months during which production consistently remained far above the previous marks for corresponding periods in other years. Month after month tentative production schedules proved inadequate to the requirements of the Chevrolet sales department, growing previous reasonable declines, public demand continued unabated through the autumn and into the winter. The tentative production schedules were increased and the factories then proceeded to surpass even the revised schedules.

W. S. Knudsen, president of the Chevrolet Motor company, attributes the company's increased success during the year to three major factors:

One factor is the greater prosperity of the country, bringing a consequent growth in the market for our product," he said. "Another is the degree to which the old car has eliminated seasonable buying. A third and equally important factor is the policy of increased production constantly improving the Chevrolet and in passing on to the purchaser the benefit of manufacturing economies rendered possible only by tremendous production."
