Then Smile or Weep

The Bloomfield township board last week refused to accept a plat with narrow lots, and for a reason. Have you thanked superior Moore or any of the other members of the board for their action to take Bloomfield township "the people of Oakland county?"

"Now that Seymour Adams is the new undersheriff, we'll all have to be good," observed George H. Mitchell last week, and he added, "but that's an easy thing for a Democrat to do, anyway."

If the state holds off on issuing the automobile licenses for another month or two, the police won't be able to read the 1924 numbers.

Anyway, it's nice to have the governor of your state behind you in the breaking of a law.

Manikind is chiefly concerned with the architecture of buildings. He doesn't take time to deal very much in character building.

Because the combination of the safe refused to work, the city of Pontiac was unable to get to \$20,000 one day last week. The city manager had to call a safe expert out from Detroit to open the vault. Which proves two things: that part of Pontiac's money was safe for a while, at least, and that Detroit possesses both legitimate and illegitimate safe openers.

Any credit manager will tell you that Pontiac's experience with safes was not unique—that many places have the same trouble about the tenth of each month.

Not long now, before we'll have to discard the snow shovel for the garden spade.

Paid your winter taxes yet? Better do it now and get ready for the village summer tax before next Christmas.

Birmingham's annual Father and Son banquet will be held February 10. Better save a good appetite and set an example for the sons.

Now that the state Legislature is in session, Lansing has a reason for its existence. That's more than can be said of some of the legislators.

Jack Dempsey emphatically denies that he has refused to fight Gibbons for the heavyweight championship of the world. "He's the one who's ready to fight," declared Dempsey. Wonder what he'd say if it was declared.

Soon the Tigers will go south, and they'll mean business. At the same time, Oakland county will blossom with oranges and pines will be fashionable.

Scientists declare that 1925 will be a dry year, and if the bootleggers are properly pursued, it will be in this country anyway.

The college students who get married before graduation will have to take courses of instruction at home as well as in the classroom.

Time for bargain sales now, but if there are some merchants who desire to carry over their goods until another season, they don't have to worry about advertising them.

Claimed there are too many idlers in this country, but the idlers say it is dangerous to hustle and get out of breath.

This country may have all the easy chairs it needs, but more factory stools and tractor seats occupied by active workers could be made use of.

Congress is planning to speed up its work, but that does not prove that it will be moving very fast.

Much advice is being given to young lovers, and they will probably be governed by it when it agrees with their sentiments.

Many congressmen said to be interested in cross word puzzles, but it is doubtful if they get so interested that they will forget to spend the money in the treasury.

The croakers should not predict business disaster so persistently that they are unhappy unless it comes to verify their forecasts.

It has perhaps not occurred to some people who were bothered by getting a lot of old bills January 1, that they can get rid of that annoyance by paying the same.

If people are getting tired of their money, there is plenty of change to get rid of by investing it in worthless stocks.

In spite of all the talk of the dangers of congested population, eight or 10 of the young crowd still continue to pile into small automobiles.

Food supply claimed to fail to keep up with the demand of the young crowd, and it looks so after the kids have made

their afternoon raid on the pantry.

Pretty soon the school pupils will be demanding the privilege of examining the teachers to see if they are qualified.

Claimed that regular exercise is beneficial to the heart, and the young crowd are willing to attend to this by being present at all the dances.

Being told that they need more sleep, many folks are perfectly willing to sleep later in the morning.

Many persons are getting awful worked up for fear that the European nations may not pay their debt to us about 100 years hence.

The time for the girls to propose has gone, but as usual they are permitted to lead the men up to the proposing point.

The professor in an Italian university wrote 10,000 words of a New Year's post card, and if after the good old time manner the postal clerks did their duty in reading it, it must have been delayed in reaching its destination.

STATE OF MICHIGAN—In the Circuit Court for the County of Oakland, in Chancery: Plaintiff, John Lawler and Petrus Geta, Defendants.

And it is further ordered that a copy of this order be published within forty days of the date hereof in the Birmingham Eccentric, a newspaper printed, published and circulated in said county, and that within three months from the date of this order the said defendants shall cause a true and correct copy of this order to be served upon the said plaintiff in the manner and to the effect hereinafter provided.

And it is further ordered that a copy of this order be served upon the said plaintiff in the manner and to the effect hereinafter provided.

NASH
ADVANCED SIX SEDAN

Never has Nash mastery of manufacturing method shown to better advantage than in this exquisitely fashioned Sedan. It has been deliberately built to make it nothing less than a veritable sensation among enclosed models of its type. At a glance you will see that there is nowhere a car of its calibre to match it in price, nor a car of its price to contest its quality.

Identifying this Sedan as an extraordinary value are such notable features as Nash-designed four-wheel brakes; full balloon tires and five disc wheels; special Nash easy-steering mechanism; and a further array of important attractions. These, coupled with the brilliantly responsive power flow of the big Nash Six motor, lift the Sedan well above and apart from cars of its field.
