# Use Nitro-Humus

COMMUNITY HOUSE NOTES

for your lawn and garden. Do you wish your lawn and garden and flower beds to be the envy of your neighbors through in-creased growth, better color and resistance to drouts?

If so, use Nitro-Humus—Nature's own fertilier and soll food. A wonderful top dressing for lawns—may be applied at any time. Helps retain moisture in the soil thus reducing the baking of the top soil.

We are now able to supply you limited amounts of sun-dried Nitro-Humus from our deposits at Clarkston and will be glad to have a representative call and explain the product.

Nitro Humus containing 3.86% Ammonia Nitrate delivered in your yard on telephone call. Prices quoted by bag or ton.
