WE HEARD IT SAID BY—

Leslie C. Lamborn of Park street, it is time that the people of Birmingham get together on the question of transportation rates between our village and Detroit. It seems strange that a passenger is able to ride for miles in the city on six cents for the minute they come toward Birmingham, the price of riding being sometimes thirty-four cents or more. In Detroit a person can ride ten miles, I believe, for six cents. I hope the citizens out here take the matter into their own hands.

Robert Lynd of Ferndale avenue, executive secretary of the newly formed Federation of suburban Y. M. C. A.'s and former secretary of the County Y. M. C. A.: "By the forming of an association of suburban Y. M. C. A.'s, the work in this part of the county will, no doubt, be strengthened. The suburban areas include Birmingham, Farmington and Royal Oak Township under the new division. The new organization will be able to do much more efficient work."

Society Officers Elected For Local DeMolay

New officers, to act for the next six months were recently elected by the Birmingham DeMolay and next Tuesday the new officials will be installed and installed. Initiation of the new class of members will also be conducted the same evening, to which all Masons are invited.

Jack Burkman was re-elected Master, Councilor, Carpenter Hewitt was elected as Senior Councilor to succeed Donald Bell. Tom Klingsmith will occupy the place of Junior Councilor in the place of Edgar Sells, who will retire. These three officers are elected for a period of six months. The other two officers, Harry Carter, Scribe, and Bancroft Bryant, treasurer, are elected for one month for a year, and will remain in office.

Thirteen other new officers who receive their chairs by appointment will be selected by Jack Burkman before the installation next Tuesday. Charles, "Dad," Bingham and Jack Burkman will be in charge of the installation ceremony.

New members to be initiated at the meeting following Tuesday include Edward Ryder, Clarence Bere, Ralph Wilson, Melvin Burch, Walter Haack, Harry Wheeler, and Rudolph Zabel, bringing the total number of members of the order to between 45 and 50.

Meetings of the DeMolay continue to be held in the Masonic Temple, the order being sponsored by the M.M. lodge. The boys are planning an active program for next winter, to begin early in the fall.

Wattles' Corners

Artesia Community Club held a decidedly interesting meeting last Saturday evening in the community room of the Smith school house. D. Luizzi, of Detroit, the principal entertainer, played a prominent harpist and violinist of the city, was accompanied by his daughter, Miss Virginia Luizzi. His numbers included several of his own compositions. He has several pupils in the section of Wattles' Corners, and gave the entire evening's entertainment at the request of his students.

Miss Helen Mary Wattles entertained at a bridge-luncheon at her home "Sunny Crest" last Saturday afternoon for thirty-two teachers from Central High School in Detroit, where she is also a member of the faculty.

Last Wednesday Mrs. Frank Marrow at Troy had the members of the 60th club as her guests at the Royal Oak road is rapidly regaining her health and is just able to be out again after a long illness.

The Detroit Edison company, is starting this week on a program that will bring new poles and wires out the Royal Oak road which is to be paved immediately. Work started this week and is being pushed along as rapidly as possible.

Chiropractic for Your Child

Parents are often surprised and alarmed when their child suffers from MALNUTRITION. Not merely children from poor homes, where food is scarce or of poor quality, but children from wealthy homes where the best of everything is lavished upon them. Bear this in mind, when malnutrition persists in spite of due attention to correct eating, it is because there is something wrong with the nervous system causing lack of assimilation. The final step in the digestive process, in which food materials are converted into living bodily tissues does not take place. Bring your child to our office for a complete Spinal Analysis and let us show you the true cause of the trouble. Do not continue to neglect your child's health. Due attention now will obviate much suffering in later years. You owe it to your child to—

Library Wants Magazines To Complete Files

After a week of house cleaning the Baldwin Public Library is reopened with call from the patrons to donate magazines to the files that have been found to be incomplete.

All stores of housecleaning supposedly read alike. The librarian takes place on the installment plan or comes in a deluge, to wreck the good spirits of friends and neighbors. The usual period of eating on the mantelpiece and hanging one's clothes on the end of the electric plug on the back porch. At the end of the process there is the call for the garbage man or the Jewish wifed off with a rubber, rags and old iron to come and carry off all the cherished Black Cat and True Story Magazines. The portable old house slippers, the favorite pair of overalls and other beloved articles—

Now, just as others are fast forgetting the terrible spring ordeal, along comes a tale that is enough to make every good housewife of the village turn green with envy. Up to the library this week the floor has been scrubbed, the windows, and imagine dusting the books. And heaven only knows how many magazines—

Most good housewives would be happy and perfectly content with something like 200 square feet of floor space to scrub, an extra wide pair of stairs to splash up with water and quantities and quantities of books and papers to sort out. Up to the Baldwin Library the housecleaners of the newly polished chairs and sigh and wifed for more magazines, certain sticky-fingered individuals have walked off with a surprising amount of readable material with the year. Library officials are asking villagers to help fill in the list of lost, strayed or stolen magazines. The missing magazines include:

American Magazine from January 1921 to April 1922; Atlantic Monthly for September 1922; Bookman for May 1919 to December 1923; Century for April and September 1919; House and Garden from September 1920 to March 1924; Child Life from May to December 1924; National Geographic for February 1922 and December 1924; Literary Digest; Outlook from October 15, 1921 to October 22, 1924; Popular Mechanics; from May 1920 to May 1922; Saint Nicholas; from January 1921 to August 1924; Review of Reviews, from December 1921 to September 1924; Scribner's for September 1923; World's Work, for August 1923 and December 1924; Woman's Home Companion, from January 1921 to October 1923; Youth's Companion from January 1921 to May 1923; Scientific American, from May 1923 to October 1, 1921, and Saturday Evening Post, for September 6, 1924.

Premier Race Driver Buys Two Buicks

Tommy Milton, premier race driver of the country, and the only man to ever have won the Indianapolis speedway classic twice, has just purchased two new Buicks, one for himself and one for his father.

The two cars were sold by a Los Angeles Buick dealer and Milton's was delivered to him at Indianapolis a few days ago.

It is an interesting fact, in this connection, that for the 19th consecutive year a car powered by a valve-in-head motor, such as has been made famous by Buick, has won the annual Memorial Day races at Indianapolis.

Even off the track, a race driver likes the feel of power, though he may never use it, in his own personal car, as attested by Milton's recent acquisition of a Buick.

STATE HIGHWAY MAPS AT BALDWIN LIBRARY

Every two weeks a map showing road conditions over the state is to be posted in Baldwin Public Library.

These official highway condition maps describe exactly the condition of the roads throughout the upper and lower peninsulas. Detours are marked as well as roads under construction and county roads. Pavement, gravel and earth highways are all included. The exact location of seven principal cities of the state is placed in insets on maps showing the construction of each city. The found in the fact that the maps are sent semi-monthly, thereby giving exact condition of highways.

"Shoddy"

The shoddy trade was begun at Batley, Yorkshire, England, in 1813, by Benjamin Lay. It was among the earliest products of American wool mills. In 1905 there were 88 shoddy establishments in the United States.

For Special Annulation Election to be held on July 14th, 1925.

Notice is hereby given that in conformity with Sec. 124, Public Acts of 1919, as amended, the undersigned Township Clerk, will hold a special election on the 14th day of July, 1925, at 8 o'clock in the forenoon, at said probate office, for the registration of the names of any special voters who may be entitled to vote at the election.

The Warehouse Store

GOOD FURNITURE--LOW PRICE

At the Wolverine retail furniture store in our industrial warehouse buildings in PONTIAC we are selling dependable furniture at a lower price than the ordinary store. Shop around, then come in and see our stock and prices. There is an excellent assortment of furniture for each room in the home, as well as rugs, refrigerators and PORCH pieces. Our moderate prices are due to lower operating costs, such as a single organization for the two businesses; lessened expense for floor space, handling, electricity and other items.

Wolverine Manufacturing Co.
Pontiac—Franklin Rd. and G. T. R. R.

HOW TO GET THERE:
Going north into Pontiac on Saginaw St., turn left on first street after passing the second railroad crossing. Our store is straight ahead!
