This page is alive with GOOD NEWS for people who would like to live in their own homes.

We believe that there are many people who would buy a real home if they could be sure that it was designed right and built right. We believe that there are many young college men and women who would appreciate a community of their kind, where homes can be bought with a small down payment. We have made this all possible and can offer homes located in East Maple Gardens at prices that will astonish you.

East Maple Gardens is located on E. Maple Ave just a half mile east of Birmingham and there are thirteen homes representing an investment of approximately \$150,000 already there, and more being planned daily. We are safe in predicting at least thirty homes there before the summer is over.

The owners of this subdivision have resolved to build something that Birmingham will commend them for. We invite your inspection of what we are doing in East Maple Gardens.

Henry Rohl, Jr., local Builder, of Birmingham. R. C. Moulthrop Lumber Co. furnished the Lumber and Builders' Supplies. The McBride Hardware Co. (formerly the Hardware House of McBride), furnished the General Hardware supplies. Howard C. Hurlbut, installed the Plumbing and Heating. Anderson Bros. had charge of the Furnace and Sheet Metal Work. The Hawthorne Electrical Co. and Milo Fisher were in charge of the Electrical Work. Walsh, James & Wasey Co. were selling agents for the East Maple Gardens Subdivision.

Any of the firms represented on this page will be glad to give you any information about East Maple Gardens that you may want to know.
