WHY?

The Board of Education asking the Taxpayers of this District to Give Them \$334,000 for School Extension!

Do You Know That:-

- The Village of Birmingham is only about 1/10 of the whole school district?
- In the district south of Maple Ave. and East of Adams Ave. there are today 109 occupied dwellings and 118 houses under construction?
- All the grade schools are using basement rooms not meant or adapted for class rooms?
- That all the little children East of Woodward will be forced to attend the already crowded Adams School or cross the heavily congested Woodward Ave.?

Therefore The District Needs:-

- An enlarged Adams School to accommodate the present enrollment and the influx of children East of Woodward for grade and Junior High School purposes.
- A site in the Southeast portion of the District to care for the tremendous growth there.
- A site in the Northwest portion of the District to care for the rapidly-growing Quarton Lake and Bloomfield Village.
- Do you know that last year you defeated a request for the Northwest site which comprised about 7 acres for \$12,000? This year, for less acreage, we must pay \$18,000.
- What will we pay next year or the year after?
- The addition to the Adams School will use all the available ground there—do you want your children to plan on the streets or in a fenced-in supervised
- The growth of this school district is rapidly increasing the value of your prop-
- Our schools must keep up with this growth—for our schools are the best advertisement this District has.
- Are you GOOD business men and women?

Hawthorne Electric Co. 1251 W. Maple Ave.

From coast to coast, housewives are agog about this wonder washer and its amazing new principle snatched from the future—a washing method, twice as fast and twice as careful—that does 50 lbs. of dry clothes right from the hemore within right from the hamper, within the hour—and never leaves the wristbands, collars or cuffs to be rubbed by hand. Just read

and only one way to make sure of having plenty on hand: own a Maytag Gyrafoam Wash-er and wash them as they soil.

In 3 minutes, a dozen or more snow-white pieces: a heaping armful immaculate in less than 10 minutes!

Try the Maytag. Wash with it tomorrow—or any day you wish. We'll bring it to your home—call for it too, if you'll want to part with it. No obligation. Don't delay phoning.
