October Is A Banner Month For Oakland

Fontaine, Mich., Nov. 12.—The Oakland Motor Car Company broke all previous monthly sales records during October when 8003 cars were shipped to dealers.

As the factory has not yet caught up with dealers' unfilled orders these figures are practically synonymous with retail sales.

The production at the factory was 8088 cars, a single car more than the production quota set for October. The factory sales for October broke the previous high monthly sales record of February, 1924, by 14 1/2 per cent. It also was more than 146 per cent greater than the sales in October of last year and represents a 63 per cent increase over September of this year.

The present daily production will be gradually increased through November, December and January, and to this end three quarters of million dollars have been spent in providing the necessary equipment to make possible the expanding Oakland Six production program.

Particularly impressive records of retail sales were made in the large metropolitan cities of the country where competition is keenest. Among the large cities where Oakland enjoyed the greatest October retail sales in its history and ranked exceptionally high in new car registrations are included Chicago, Detroit, Cleveland, Pittsburgh, Indianapolis, Buffalo, Rochester, Syracuse, Youngstown, Wichita, and St. Louis.

Quality has made Hudson-Essex for years the world's largest selling 6-cylinder cars. Without such volume, these prices would be impossible.
