"THE TEN COMMANDMENTS IS A FAST PICTURE AT BALDWIN. There's plenty of zip and speed in "The Ten Commandments" which is to be shown for the first time at popular prices on Monday, Oct. 5th, at the Baldwin Theatre. Starting with the Biblical episode; we have the race of Pharaoh's charioteers across the desert in their pursuit of the escaping Israelites. Going so far as to follow them between the open walls of water where the Red Sea has opened, they are almost on top of them, when the waters close, and make a watery grave. Then skipping to the modern, just at the close of the picture, we see the commandment-breaking son in his attempt to escape the police by a dash to Mexico in an open power-launch. These scenes show what real motor-boat speed is. The craft seems to fly through the water, and ends by being driven onto the rockbound coast by the huge waves. Owing to the extreme length of this production it will be necessary to eliminate the vaudeville acts during the entire week. In its place the management of the theatre have made arrangements to augment the regular house orchestra to 12 musicians under the capable direction of Mr. Alfred White, who will play a specially written score for the picture. The Pathe News of Current Events will also be shown at all performances. Two shows nightly will be given with a special matinee on Saturday afternoon starting at 2:30 p. m.
