If You Want a Packard Six This Spring-Order It Now

Last year thousands who wanted to buy Packard cars could not get them and had to be satisfied with something less desirable or keep their old cars.

More than twice as many Packard Six cars were sold in 1925 as in 1924. Had Packard been able to provide cars for all who wanted them this record would have been even greater.

This year the 25,000 fortunate owners who secured cars last year, are sending their friends to Packard.

And though well prepared now, it is no doubt but a question of weeks before our built-up stocks will vanish.

Those who act at once may have an immediate or early delivery of any model Packard Six.

Those who wait may be disappointed like the thousands of last year.

Quality cannot be built hurriedly, and with Packard, quality comes before

You may have a Packard Six, a five-

passenger Sedan for example, delivered at your door with all necessary accessories and with freight and tax paid for \$2745.

If you prefer to buy on the payment plan, you may pay \$915.00 on delivery and \$170.00 monthly,

May we examine your present car? If it has a market value we will buy it and apply its price on the down payment on the new car.

If we may have your car now, or soon, we can sell it in the best market of the year which of course will be to your advantage.

Then your car buying problems will be over for years to come.

The proof? The majority of last year's buyers told us that they intended to keep their new Packards more than twice as long as the cars they traded in.
