

## After 45--What?

Many people are actually old at 45. This premature aging can very often be traced to disordered kidneys. Assist your kidneys and keep them healthy, retain the bloom of youth and store up energy to fight off enemies of health by drinking Mergal Valley Water from Hot Springs, Ark. Physicians prescribe it. ## Expenses Small For Chevrolet Last Year

Less than \$3.00 per car was the average expense incurred in 1925 by 6600 Chevrolet dealers and service stations in the United States in repairs and adjustments to cars during the 90-day period covered by the factory guarantee on new cars.

Under this guarantee, all adjustments, including setting and grinding valves, adjusting brakes, and replacement of parts defective in workmanship are made free by the dealer, who impresses upon the patron the value of frequent inspection of the new automobile during the three months trial.

Records show that only 15 per cent of the owners brought their cars in for adjustment of any kind, indicating that 85 per cent of purchasers were fully satisfied with the performance of their machines in every respect.

Rigid standards of inspection during all stages of factory operations are insisted upon by Chevrolet officials to be responsible for this low maintenance cost when the car finally reaches the owner.

In the motor department alone, one out of every six employees is an inspector, detailed to insure exact conformance to precision limits gauging them down to as low as one-hundredth of an inch.

In addition to a large corps of inspectors of the service department who visit all Chevrolet dealers at short intervals, a "super-checking" group work directly under the direction of the standards department, a factory division independent of the sales and production departments. Their reports, obtained directly from interviews with Chevrolet owners at service stations, are forwarded immediately to the engineering department, giving accurate information of the car's performance in the owner's hands.

Every advertisement in the "Eccentric" is placed at the merchant's expense. When you want to go to a theater you like the show. You may read local merchants in each issue of the "Eccentric"—in this way the merchant's message brought to you very freely.

# Just WHY is OAKLAND

## WINNING and HOLDING GOOD WILL?

Why are so many motorists everywhere so genuinely enthusiastic over this car? Why are they favoring it above all others?

Is it because the Oakland Six is more beautiful—because it possesses more advanced features, including Air Cleaner, Oil Filter, Full Pressure Oiling System, Four-Wheel Brakes and the Harmonic Balancer? Or because it reveals greater speed, power, acceleration and smoothness of performance?

Each of these features plays its part; but there is an even stronger reason for Oakland Six popularity. Oakland combines—not just one or two of these advantages but *all* of them—at prices surprisingly low.

OAKLAND SIX \$975 to \$1295—Pontiac Six \$825, Coach or Coupe
