New Hudsons NOW SHOWING

The Super-Six Greatly Improved in Chassis and New Bodies

These beautiful new Hudsons—the Sedan, Brougham and the Coach—overshadow all/the great Super-Sixes of the past. New bodies—new colors—new beauty, performance and comfort.

Each is more striking and distinctive in appearance. Each is a triumph of body quality, comfort and price advantage. Each is mechanically at the height of its value and reliability.

For more than 11 years the patented/Super-Six principle has given outstanding performance and reliability to over 850,000 owners.

This long experience and vast production have brought about not only a much finer car in every particular, but also have resulted in economies of manufacture and distribution that give amazing price and value.

These new Hudsons are commanding a greater attention than any preceding model because they far excel any previous achievement of our history.
