Maid or Matron? Bow Tells Which

By Miss Lisbeth Is she maid or matron? In some countries you can tell by the dressing of the hair. In some by her dress, and in our own country and England by the ring worn on the third finger of the left hand.

At the left of the picture is the ring in outrageous cooperation. Not in pride, arrogance, and disdain of other races and peoples, but in sympathy, love and understanding.

"And I Can Lick Any" "A man drinks," writes a woman in a published article, "because of his inferiority complex."

"Does Wild Fascism" would never work in this country," says a contemporary. No, all the politicians would want to be Mussolini - Flamingo Show (London).

If Prince Carol wants the Rumanian throne so badly why doesn't he come over here and inquire of me chairs? Then he can go back and buy twelve of them.

Magistrate: You say he said you hit the face and habits of a monkey, and that he could make a better man than you out of chawed string? What happened then?

Victim: I then became abusive. Punch (London) by permission.
