

CHAMP. WRESTLERS TO MEET IN PONTIAC

Decision Necessary in Weissmiller Metropoles Match Tomorrow.

Adam Weissmiller welterweight wrestling champion of America meets Pete Metropoles world's inter allied army champion for the welterweight championship of

America at the armory in Pontiac tomorrow.

Weissmiller is from Detroit and has held the championship for over two years, having met and defeated all of the best men in the United States.

Pete Metropoles won the Inter Allied Army Championship in 1919 and has never been defeated. They met for the first time last winter and went two hours to a draw; under the new rules there can be no draw decision, hence one of these men will finish as the champion.

This match is causing much comment because the men are con- America today, and the known envy between them will afford much chance to the fans for their entertainment.

There is a German proverb which says that "Take it easy" and "Live long" are brothers.—Bore.

Doing good is the only certainly Sidney.

Folksburg Items

F. G. COX, Items

Thanksgiving Day passed off quiet and more or less appropriately in Folksburg. By looking at it from both sides, most of our serious-minded citizens were able to think of several reasons why they are tolerably fortunate. For instance, Uacis Bill Bobbitt remarked that maybe a good many people like him can't see at first where they've got a heap to be jaded over, but if they look around a little they can feel pretty good over a lot of things they haven't got.

Emmett Tucker complained a good deal last week that he didn't feel just right somehow. Jeff Patton seized the opportunity and tried again to sell him some life insurance. But Emmett seemed to think that some new pills he's got would be sufficient.

"Merry Washdays!"

WHAT a wonderful gift a Maytag! It brings a smile of happiness not only for Christmas alone, but renews the same spirit of gladness every washday for years and years.

and comfortable you actually enjoy them!

Washdays that give you clothes washed so spotlessly clean—you hardly notice the little time and effort spent to accomplish such wonderful results.

Life-lasting happiness! What gift so good for Christmas—as a MAYTAG!

NOTE—Any Maytag dealer will send a Maytag to your home to do a week's washing free. There is no obligation of any kind. If the Maytag doesn't sell itself, don't keep it.

Maytag dealers everywhere follow the standardized rule of sending a Maytag to a home to do a week's washing free, and without obligation of any kind. This is the way all Maytag Gyraform Washers are sold. The Maytag must sell itself solely upon its performance in the home. It must wash everything to your entire satisfaction. Must wash everything quicker, easier and cleaner than other washers. Must wash everything—even collars, cuffs and wristbands without hand-rubbing. Must prove to you, in your own home, that it is the most helpful home-laundering unit you have ever seen or used.

Milton Hall and his wife, Effie, went over to Newport last Sunday to visit some people they know. Milton had a right good time, but Effie couldn't enjoy herself much on account of the couldn't remember whether she put down the parlor window before they left home.

Sandy Atkins had a spring on his automobile broke Saturday that he's been afraid of for awhile. He drove up in front of the post office meaning to take Miss Mellic Robins home. But when he saw her, several others also came out thinking he meant them, and when they all got in the weight was too much.

Attorney Park made a talk before the Women's Discussion Club Tuesday, and in keeping with the occasion he stated positively that the future of the country is in the hands of the women. His remarks were vigorously applauded by everybody except his wife, who looked at him like maybe she doubted whether he meant what he said.

Lewis Jackson went over to Brownell last Saturday but he would never have made it to the train in time without some encouragement. He was just passing the barber shop when the train whistled for Folksburg. He stopped and said there was no use to go on for he couldn't make it, and that he had been missing things that way all of his life. But somebody spoke encouragingly, and urged him to walk up fast. Which he did and had time to spare.

Miss Sadie Baxter got a bracelet as a present two or three weeks ago which she thought was solid gold and infrared every body to that effect. But she's wearing it now and is having some trouble getting rid of the black place it made on her arm.

Mr. Jay Butler had the misfortune to break his glasses at the Gem Theater Saturday night. When he went to put on his overcoat to come out, he accidentally ran his arm through a hole in the lining of one of the sleeves and got himself sort of handicapped. There being several prominent people around, he tried to adjust matters in a hurry, and somehow he knocked off his glasses.

a social gathering over at Albany last Friday. But it being a disagreeable day to be out, she decided she could enjoy herself better by staying at home and telling Ed that she didn't go on account of she didn't have anything fit to wear.

Mrs. Armanin Bell burned some rubbish and old rags on her back lot the other day, and it caused Wesley Mills a little undue excitement. He was passing along in front and when he smelled the rags burning he thought his clothes were on fire again from his nose. He showed some unusual activity for a minute or two until he found out it wasn't him.

Adams Students Join In Toy Sale

Approximately 12 toys made by students of the art department of the Adams Junior High School will be on sale Saturday at the Community House along with the articles made by the Baldwin students. This is the first year that Adams School has boasted an art department, and the progress made by the students has proved gratifying, according to the instructor, Miss Geraldine Henry.

The sale will include, besides tops, painted scarfs, handkerchief bags, tally cards and book ends made by the students. The toys, which form the largest group, are all products of the junior high school classes. They have been designed by the art classes, under the direction of Mrs. Helen R. Kidder, cut out by the manual training classes under Howard Crull, and painted and mounted by the art classes.

Tea will be served at the sale. Mrs. Howard Crull and Miss Henry will preside at the table.
