

Are You Being Sold or Served?

Is your motor car maker serving you or selling you which? Does he intrigue you with yearly models and rash promises or does he protect your investment? .

To serve means a new car only every four or five years or more. To sell means a new car every year or two or even less!

Packard is in the business of serving knowing that those who serve best will never want for sales.

Evidently the public appreciates that Packard is serving, for more than twice as many Packard Six cars were bought in 1925 as in 1924.

The Packard Six with all its comfort, beauty and distinction is not high in price—for example, the five-passenger scdan costs but \$2585 at the factory. And there is a liberal monthly payment plan which removes the last reason why anyone should not be served by a Packard Six.

The Packard Six may be had in nine beautiful, distinctive body types, four open and five enclosed.
