ONSUMERS POWER COMPANY

100 Words about oil-heat comfort on a public utility basis

SOMETHING new has happened that puts your family closer to enjoyment of a home heated the clean, modern way. Takes them farther away from the work and bother of coal-burning.

In more than 27,000 homes—over periods up to eight years—Nokol has proved its place as an established public utility. And is proving it today. Is keeping homes cleaner, more comfortable. Is keeping families healthier by pro-

viding proper heat all the time—without work or attention. This record, and the public de-

mand it brought, has resulted in radical readjustment of payment terms. The details will sur-
