**23 VOLUMES OF BURROUGHS ADDED TO BALDWIN LIBRARY**

John Burroughs, the great American naturalist, is now represented at the Baldwin Public Library by a complete set of his writings in the Wake Robin edition of 23 volumes. Other books added during the last few weeks are the poetical works of Joaquin Miller, in one volume, "Half-Told Tales" by Henry Van Dyke, and "College" by John Palmer Gavit, recording his observations of the life of about 30 colleges in the United States and other countries.

**Beige Charmene**

A three-piece suit of beige charmene is shown above on Alice Mita. The coat is three-quarters length with brown fur collar and cuffs. The blouse is of deep ecru lace and the skirt is circular.

**WE HEARD IT SAID BY—**

(Little Editorials picked up by the Staff in and around Birmingham.)

Mrs. F. A. Vaughan of Bloomfield Center Road: "In a letter which I received from Mrs. E. B. Roby of Southfield avenue, who is spending the winter in St. Petersburg, Florida, she says that it is so cold there that they are forced to keep a fire in their houses all the time."

David Ladd, of Madison avenue, and a member of the Birmingham Zoning Committee: "Our committee will soon have a tentative Zoning Ordinance prepared to present to the village commission. This ordinance will probably be presented to the citizens of our town for suggestions and objections. Although it will not be complete in detail, it will go a long way toward better building for the community."

Charles Plumstead, village treasurer: "One sign of the rapid growth of Birmingham is manifested in the increasing number of people who come into the village offices each day. We now have 70 people making inquiries of us today where but one person did only four years ago. People call us from Detroit to ask one of a thousand questions about real estate or taxes; truck drivers stop in for directions to somebody's home—and thus goes the day."

W. W. Henry, of North Woodward avenue: "It seems that there is always one thing in life with us, namely, 'Tax Time.' This is one thing that we cannot escape—and they seem to be getting higher all the time."

Mrs. H. A. Mudge of North Woodward avenue: "Everyone seemed to have an awfully good time at the DeMolay party Tuesday night. When 12 o'clock came nobody wanted to leave so we danced until one. I know that I enjoyed myself to the utmost."

You will find a harvest of bargains listed in the Birmingham Classified Column on page six. Read and use this Column when you want to buy, sell, or exchange anything. It pays to read the classified advertisements in any newspaper.

**Fiddle War On**

Here is "Uncle" J. J. Wilder, uncle of President Coolidge, who claims that he is a better fiddler than Mella Lunham, Henry Ford's favorite fiddler. Wilder hails from Fismouth, Vt.

There could hardly be a "fiddler" in a state of Michigan, as it is not a state by retaining the article in question.

**Why the "Taxpayer" Garage?**

BECAUSE the income to be realized from a garage of this type so quickly absorbs the taxes, interest and other charges on property not yet improved, it is called the "Taxpayer."

It has proven an unusually popular model, and may be built to house one, two or several cars, depending upon your requirements.

The cost? It's exceedingly moderate—and its simple type of construction makes it very easy to build. We'll be pleased to quote you upon any size you may desire.

A reliable man to build the garage and put in the cement work will be recommended should you be interested.
