How Long Should a Wife Live?

There's humor of a grim sort in the query put before an electrical convention awhile ago, "How long should a wife live?"—a lot of seriousness, too!

Another way of putting the question: Is the hard and tiring work of the home done by hand or electricity?

Electrical appliances, reasonable in price, easy of payment, and costing little to operate, are taking the toil out of home work and undoubtedly adding years to the life of the housewife.

You can inspect them at our office. Come in to-day!

The Detroit Edison Co.

ANNOUNCEMENT

I wish to announce to the people of Birmingham and vicinity that my Shoe-Shine Parlor at 144 E. Maple Ave. has closed temporarily for re-arrangements. It will reopen about the end of February with new equipment.

Those who have failed to get their hats can call for them at Deer's Barber Shop.

I also wish to thank the public for their patronage.
