F. O. B. Detroit

These astonishing new figures represent more than a price reduction. They represent a price sensation!

At one stroke they eliminate the necessity for compromise in the purchase of a motor car.

They mean that henceforth no one need be forced by economy to invest in less than Dodge Brothers quality.

They mean that a car world-renowned for its long life and dependability is now well within reach of every income.

They are made possible by a \$10,000,000 expansion program, vastly increasing production, and introducing the latest advanced efficiency processes into motor car manufacture.

They apply to the finest line of motor cars Dodge Brothers have ever produced—

Graceful and stylish new body lines. Rich and attractive new colors.

Absolute smoothness of engine operation—with new snap, power and silence.

Perfected steel body construction, affording among other things, complete vision from every angle, greater safety, greater beauty and longer car life.
