Factors in the sensational Chrysler "70" performance, which have revolutionized automobile design and manufacture, include—

- 70 miles and more per hour. 5 to 25 miles in 6 1/2 seconds. 20 miles to the gallon of fuel. 60 horse-power. Air-cleaner. Oil-filter. Radiometer. Thermostatic heat control. Fume for cold weather starting. Manifold heat control. Flapless steering. No-side-sway springs. Low center of gravity. Halloon tires. Closed bodies by Fisher.

Chrysler "70" alone combines all these and scores of other attributes joined to a superiority of design and fitness of quality and workmanship, it gets to be thought possible only in cars of twice the Chrysler price. Discriminating men and women are refusing to accept less than Chrysler gives. This extraordinary demand for Chrysler quality
