Everybody Loses When Timber Burns

Six Rules For **Preventing Fire** In The Forests

Michigan is the nation's playground. Last year 2,500,000 vacationists enjoyed Michigan's natural beauty. And summer visitors spent \$200,000,-000 last year in Michigan.

For here are giant forests . . . wooded wilderness rich in primitive attrac-tion . . . wild life . . . an ideal vacation land.

It is the duty of each resident of Michigan to preserve this natural beauty. For each resident benefits by Michigan's resources.

Last year forest fires burned over 725,928 acres. These fires in addition destroyed a proportionate amount of property and the cost to suppress them alone amounted to \$125,042.88.

Extinguish camp fires . . . break your match . . . "Heel In" your lighted cigar, cigarette or pipe ashes. Don't scatter refuse. For EVERYBODY loses—when timber burns.
