DODGE BROTHERS SALES IN WEEK 9,151 VEHICLES

Dodge Brothers dealers in the United States and Canada, according to reports from the factory, delivered at retail 9,151 passenger cars and trucks during the week ending July 3. This is a gain of 4,304 cars or 87.2 per cent over the corresponding week last year and 3,959 cars or 69.7 per cent over the previous week this year.

HIGH COST OF RADIO TO THE BROADCASTER

It has been estimated that New York broadcasting stations spend about \$2,800,000 a year on broadcast operations. This includes salaries of staff members and entertainers, but does not include the fees paid to special talent during "courtesy" hours. Officials of WJZ say the station's operating cost amounts to \$1,500,000 a year.

Adapted to Dry Regions

Mimosas is species of plant known as the sensitive plant, because of its motile leaves. The motility of the leaves is thought to be related to protection against excessive loss of water and is an adjustment to dry regions. This remarkable power enables the plant to control its leaf exposure, according to its needs. Judge Thysell Turn those eyes back upon yourself, and take heed that Judge not the things of earth. In judging others a man labors in vain, often errs, and easily sins; but in judging and looking into himself he always labors with fruit. -Thomas a Kempis.

Hot food in summer PHYSICIANS agree that it is a mistake not to eat some hot food every day. It aids digestion and general health. So often on hot days it is exhausting to prepare hot food. It is too much of an effort even to build a fire in the range. Solve this problem with Pyrofax. The clean, hot flame of this gas supplies the heat where it is needed, under the cooking utensils, and keeps the kitchen comparatively cool. At your convenience we shall be glad to arrange for a demonstration. Like city gas it is used with standard burners on any gas appliance.
