There is no quicker,

by Long Distance tele-

It saves money for the

**Goodyear's Price Often Duplicated  
But Its Quality--Never!**

Motorists are learning that there is a big difference in tires, although they look pretty much alike. Some are long on looks and short on quality and mileage. But you won't need a microscope to be sure that the Goodyear tire you get from us is a real huy. Goodyear mileage tells the story.

*Today, more than ever, more people, the world over,  
ride on Goodyear tires than any other kind.*

**And You Get This Kind of Service—FREE**

We don't just sell you a tire—we'll apply it promptly, see that your rims are free from rust, and that the tire is correctly inflated. Then after it is on and running we will inspect it at any time and apply conservative measures to help you get all the miles of service that the factory has built into it. This kind of service means tire dollars saved. We do it FRER for our customers.
