

Installation of the huge sewer and water systems, now under way at Bloomfield Village, is personally supervised by C. W. Hubbell, nationally known engineering expert and former engineer for the City of Detroit.

Both the water and sewer systems will be completed this year.

Enormous stocks of the Bloomfield Village Drain, now going underground. The taller man is 6 feet 2 inches. To the rear is one of five ditching machines now working at Bloomfield Village. The drains are scheduled for completion November 1st.

Water Tower, serving exclusively the more than 500 acres of Bloomfield Village. Good water is now being pumped from a large well, having a capacity of 700 gallons per minute—over a million gallons a day. This is half as much water as that used by the entire city of Royal Oak. A water main will be in front of every Bloomfield Village lot within 30 days.

A street in Bloomfield Village. Hand maple trees are planted along the winding, gravelled drives. More than 200,000 square feet of sidewalks are already laid.

The Exhibition House Now Open

That the prospective home owner may more readily obtain an idea of what he wants in a home, Judson Bradway has erected this "Exhibition House" on Williamsbury Road, Bloomfield Village. Tuttle & Clark—Jaeger Studio have completely furnished the home with the most modern and beautiful furnishings and fixtures. This "Exhibition House" is open for inspection from 2 to 6 and 7 to 9 every afternoon and evening. Sundays, it is open all day.

A representative of the Judson Bradway Company will arrange to drive you to Bloomfield Village. Or if you prefer, a descriptive booklet will be forwarded to you—entirely without obligation. Phone Main 0095—or fill in and mail the coupon below.

Over 1/2 Million Dollars

Now Being Spent to Install
 City Improvements in

Bloomfield Village

OVER half a million dollars! Every contract has been let! On many streets the work now nears completion! **Q**A mammoth improvement program that dwarfs in comparison any ever carried out in the Birmingham-Bloomfield Hills district! **Q**All of Bloomfield Village is protected by desirably rigid restrictions. All of Bloomfield Village is to have city improvements—the best, the most modern that money can buy!

A high, gently rolling and beautifully wooded district, endowed with the traditional exclusiveness that Detroiters associate with Bloomfield Hills. Along the broad winding gravel drives—with concrete curb and gutter, lined with shade trees—many beautiful homes have already been built.

The first unit of Bloomfield Village was opened only two years ago! Today, Bloomfield Village comprises over 500 acres of homesites. All are controlled by the original Judson Bradway Use and Building Restrictions Agreement, each Bloomfield Village owner has the comforting assurance that every new home built must add to the value of his property.

Bloomfield Village, with its more than 2 1/2 miles of frontage on West Maple Road, lies just west and north of Birmingham where Bloomfield Hills begins. Adjoining the Oakland Hills Country Club, only a few hundred feet from the Birmingham Golf Club and but two miles from the Bloomfield Hills Country Club, Bloomfield Village is in the very heart of what is actually today the exclusive golf and country club district. Adjoining the western limits of Birmingham, it is but a few steps from schools, churches, and shops of every description.
