

FRANKLIN VILLAGE

A New Suburban District in the Most Picturesque Part of Oakland County

In FRANKLIN VILLAGE we believe we have one of the best values ever offered to home builders and investors.

This statement is backed by the fact that nowhere around Detroit is property being so eagerly sought as it is in Oakland County. And nowhere in Oakland County will you find more natural beauty than that which surrounds Franklin Village.

Franklin Village, with an elevation of more than 800 feet, is artistically landscaped with wide, winding roads on a

natural amphitheatre overlooking the country for miles around.

Franklin Village, which is on the historic Franklin Road, is within an hour of the center of Detroit.

Franklin Village offers about two hundred carefully restricted building sites ranging in price from \$1,200.00 to \$9,000.00.

The beauty and value of this property and its easy access to Detroit is making it eagerly sought by the better class of home builders.

Take Wider Woodward to Maple, west on Maple to Franklin Road and south on Franklin—a short distance to our Franklin Village office, which is always open.
